REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

St. Paul Elementary School's faculty and staff were guided by the vision of St. Paul Elementary School. St. Paul Elementary School vision is to establish and maintain high expectations for all students. We believe that setting high expectations for all students and believing in them is the key to academic excellence.

The 2009-2010 school year was rewarding for our students, faculty, and staff. Our staff has been very receptive to several new initiatives such as looping, single-gender classes, and Edison Learning. Looping is an educational practice in which a single graded class of students stays with a teacher for two or more years. Single-gender classes were implemented in 3rd and 4th grades. Single-gender is a research-based program that facilitates achievement for all students. The Edison Learning program was successfully implemented. Edison Learning is an intervention program that reinforces math and reading skills at every grade level.

Academically, we utilized the South Carolina academic standards as the driving force for instruction. Teachers were provided many opportunities for professional development. Training seminars, educational conferences, and peer observation are a few examples of professional development opportunities that were provided. A variety of technology tools were utilized to supplement the learning process. All classrooms are equipped with promethean boards. There are two wireless computer labs for our students to conduct research. In addition, our 5th grade students were provided Dell Netbook computers.

We were the recipient of the S.C. Red Carpet Award for creating a family-friendly environment and providing excellent customer service. We were accredited by the Southern Association of Colleges and Schools. We received the US Healthier Silver School Award, a national honor for providing our students healthy meals. Our students participated in the USC Region II Science & Engineering Fair, Superintendent Writing Award, Pee Dee Region II Spelling Bee, quarterly awards day programs, valentine ball, Veterans Day, relay for life campaign, and many other events.

In educating the whole child, a football team, cheerleaders, girls of pearls, chess, boys to men, pride dancers, cub scouts, and girl scouts were the extracurricular activities for our students.

Finally, our 5th grade students toured Washington, D.C. This tour of our nation's capitol provided an improved cultural awareness and a great experience for our students.

At St. Paul Elementary School, we will continue to be guided by our vision statement in keeping high expectations for all of our students. We would like to thank our parents, community, and all stakeholders for their continued support.
