SC PERFORMANCE GOAL

2010 Goal:
 By 2010, SC's student achievement will be ranked in the top half of the states nationally. To achieve this goal, we must become one of the fastest improving systems in the country.

2020 Vision:
 By 2020 all students will graduate with the knowledge and skills necessary to compete successfully in the global economy, participate in a democratic society and contribute positively as members of families and communities.

REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

The 2009-2010 school year has been exciting and successful. The focus continues to be implementing the "Malcolm Baldrige Model" for continuous improvement, becoming a data driven school, improving student achievement, and creating professional learning communities. Under the Baldrige Model, students develop academic and personal goals for each nine weeks using fall assessments. After goals are set, action plans are written under the guidance of an adult mentor: principal, counselor, teacher, or parent. The students track their progress in a data notebook. The initiative for our school was continued implementation of the Response to Intervention Model school wide. Teachers were trained to implement researched based reading intervention programs, (Soar, Early Success, Early Reading Intervention) to improve student achievement in reading at all grade levels. Teachers also implemented additional math intervention using Math Out of the Box. Programs operated five days a week. Students were monitored using 11 and 15 day probes. Teachers met with the leadership team to discuss student progress and to make decisions regarding next steps for students. Quarterly evaluations were completed by the collaborative teams to assure that all students were being challenged. Students attended the computer lab weekly to participate in a program entitled Compass Learning that addressed their needs from MAP Test results. Teachers continue to teach Essential Questions in science and social studies for the purpose of creating activities that are more aligned with state standards. Additional programs used as intervention for some students are SRA Number Worlds. Other opportunities were provided through Supplemental Educational Services for after school tutorial programs for all grades. For the second summer, SCE will provide rising 5K students a learning experience through First Steps. Summer programs for other students were cut due to budget decreases. This year the school featured a related arts showcase in the area of art, music, and physical education which involved many of our students. It was a huge success! The major barrier continues to be our transient student population. Our faculty and staff continue to create a positive and stable learning environment. The school's previous awards are the "Red Carpet Award" for a welcoming atmosphere and the "Exemplary Writing Award". The school also won the "Strong Communities and School Award" for continued service learning projects and community programs such as "Building Dreams" and "Chat with a Family Advocate". This year SCE won the Safe Kids Award for providing a safe environment for all students and their parents by providing training in school safety. We continue as a Title One School which provides additional instructional assistance to children in reading and math, reduced class size in grades two, three, and four, a reading teacher and part time math teacher. We continue to experience a sense of accomplishment because our students make continuous gains each year. Virginia K. Chambers, Principal and Dorothy Tesnear, SIC
