SC PERFORMANCE GOAL

2010 Goal:
 By 2010, SC's student achievement will be ranked in the top half of the states nationally. To achieve this goal, we must become one of the fastest improving systems in the country.

2020 Vision:
 By 2020 all students will graduate with the knowledge and skills necessary to compete successfully in the global economy, participate in a democratic society and contribute positively as members of families and communities.

REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

Our school-wide theme this year has been "Around the World in 180 Days." The students visited more than 30 countries, one each week, through daily virtual experiences on Husky TV. We interviewed guests from various countries, learned about the culture of the country, and logged our experiences in individual student passports. The students truly had a global experience that will prepare them as 21st century learners. More than 100 students scored 100% on the grade-level Flag Quiz Bowls at the end of the school year. For a complete update on all the activities and instructional objectives related to our theme, please visit our website.

Carolina Springs Elementary students made tremendous progress in their reading and mathematics performance as measured by the Measure of Academic Progress testing program. Our Response To Intervention Program met the needs of our struggling learners in reading and math. Many students were served, and their progress was impressive. Recent MAP results indicate that a large number of students improved by more than 20 points in ELA and in math. In Grade 2, 25% more of the students met their individual math growth targets. In Grade 3, 15% more of the students met their math growth targets. In Grade 4, 16% more of the students met their individual growth targets. Our "Situation Room" gave us the opportunity to monitor student progress effectively and make instructional decisions designed to achieve higher levels of academic success for these students. We implemented a new math series and grouped students in grades 3-5 for math based on their performance on last spring's MAP math test.

We wrote grants and received more than \$5,000 in additional funds to support our instructional program. Strong partnerships with community members and the University of South Carolina Darla Moore School of Business supported our "Around the World in 180 Days" theme. Recent "bullying" survey results show more students feeling safe on our campus. We recognized students regularly for character and good citizenship through the "blaze bucks" program, Pawsitively Awesome Well-behaved Students Café, Passport Party, Bus Challenge Winners and other special recognitions. Through strong support from the CSES PTO, our school climate has been enhanced. Our "Internet café courtyard" has been landscaped and the school sign and front of the building improved.

We held grade-level retreats with teachers from Kindergarten through Grade 5, the special education faculty, the interventionists and the related arts staff. Information shared during the retreats helped us set new goals for next year. During the 2010-2011 school year, Carolina Springs Elementary will adopt the school-wide theme "Around the World: Island Style." The students will visit 30 islands around the world and learn about the culture and geographic features of each of the islands. We will focus on developing stronger student leadership skills through the creation of a CSES Student Council.
