## REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

The mission of Nursery Road Elementary School (NRES) is to motivate, empower, and support students to accomplish individual goals within challenging curricula and to develop successful citizens in a diverse community. Our efforts to strive toward accomplishing this mission were apparent throughout the 2009–10 school year. We are proud to announce that we met Adequate Yearly Progress for all 21 objectives. We received the Palmetto Gold Award for our academic efforts. Our SIC was selected as a Dick and Tunky Riley Award Finalist due to their commitment of being advocates for children, parents, and our school. Our PTO led the installation of a new playground project.

Our Champions continue to excel and serve. Participation in various events at the school, local, and state levels offered opportunities for our students to highlight their skills and talents. Our Champions participated in events such as Special Olympics, service learning projects, and various art and writing competitions. Our Pre-Game program for fourth and fifth-grade students continues to gain momentum. We were able to add new choices this year, increasing our total number of choices to 24, reaching 160 students. PreGame opportunities include Goal-Oriented Leadership Development (GOLD), Math Team, a Junior ROTC, and learning to play the dulcimer (a musical instrument). Each quarter our Champions celebrated their accomplishments during pinning ceremonies sponsored by our PTO. Students received pins for academics, attendance, behavior, and service. We continued our monthly "Heart Act to Follow" initiative, designed to honor our Champions for their "habits of heart."

Technology continues to be an emphasis at NRES. New instructional resources known as LeapFrog Schoolhouse literacy products have been expanded to reach students in our special education classes, kindergarten, first, second, and third grades. Senteo, wireless voting devices, were expanded to reach primary and intermediate grades. We increased the number of Airliners (wireless slates) to maximize the use of our SMART boards. We continued training and implementation of Compass Odyssey, a web-based, standards-driven software.

Professionally, our staff has continued to work through professional learning teams and inquiry groups through a research-based structure. Goals were established by each group to measure improvements of student achievement. These groups have allowed teachers to work with other grade levels and to work with teachers of other specialties. Vertical and horizontal articulation of instruction and standards has been the focus of all professional development at Nursery Road.

In the 2010–11 school year, our focus will remain on professional learning and application of knowledge. In addition to professional engagement through inquiry, a continuation of data analysis and collaboration will drive our efforts in order for us to continue to live our vision of being "Green and Growing!"

Christina Melton, Principal  
Tabitha Keeler, School Improvement Council Chair
