SC PERFORMANCE GOAL

2010 Goal:
 By 2010, SC's student achievement will be ranked in the top half of the states nationally. To achieve this goal, we must become one of the fastest improving systems in the country.

2020 Vision:
 By 2020 all students will graduate with the knowledge and skills necessary to compete successfully in the global economy, participate in a democratic society and contribute positively as members of families and communities.

REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

Webber Elementary became a Palmetto Gold AND a Palmetto Silver Award-winning Red Carpet School during the 2009-2010 school year. What an exciting accomplishment for this beautiful rural community school.

The school met AYP and our instructional goals. We closed the achievement gap for ALL of our male students, and as a result of that effort, the boys outscored the girls in 3 of the 4 areas tested last year. Bitter sweet, to say the least. Our challenge now is to close the gender gap at our school with the girls rising to meet the improvement gains of the boys.

Our school's improvement index, moved from Below Average to an astounding EXCELLENT growth rating, earning the school its first GOLD award and acquiring the 3rd highest growth rate in the district. Our absolute rating also improved from At-risk up two levels to Average, which also earned the school a Silver Award last year as well. To round out the year, Webber earned two EXEMPLARY PROGRAM AWARDS from the SC Department of Education this year for our After School/Summer School program's diverse enrichment/cultural activities and our superior staff.

By no means are we at rest. Celebrate? Staff, students, and parents...we all did. However, we are moving even more deliberately to better prepare students by increasing our focus in Literacy across grade levels, continuing to monitor the Success Maker Lab progress reports for students in grades 2-5, and insisting that our MAP scores and other data sources serve as the primary tools for planning instruction and monitoring student progress more frequently throughout the year.

Student recognitions for meeting their MAP, Reading Challenge, Success Maker, Honor Roll as well as behavioral goals were elevated. It is critical that we continue to improve on this factor to further reinforce the enthusiasm of the students for being accountable for their own learning.

The review of our data showed an increase in student, teacher, and parent conference attendance. There was an increase in instructional time, character education programs, and overall parent participation as well. Still, we are fully aware of the constant need to nurture and build upon this commitment in order to sustain a quality education for all of our children.

And finally, while usually ending our report to the community with a challenge, we must take this opportunity to extend a huge THANK YOU to our parents, our beautiful children, our ever-supportive business partners, our churches, our community, and our Mayor for supporting the work of our district, our faculty, staff, and students at Webber Elementary School.

What a great year!
