Report of Principal and School Improvement Council

The best way to describe the 2009-2010 year at CHS is: "OUTSTANDING." We have had so many more positives than negatives and we owe that to our students, our teachers, our parents, and our community. When we all work together, we can achieve. Emphasis on reading and literacy in all areas has already increased our success rate across the curriculum. Having a literacy coach to work with teachers and students has made a major difference in addressing different teaching strategies.

The Guidance Department and our Career Development Specialist will be continuing the career cluster meetings again this year. Many of our students are actively pursuing information and careers because of these meetings. This program will be expanded. Our Guidance Department is also assisting students in test-taking strategies for success on ACT, SAT, and PSAT. We will continue to offer College Readiness for students planning to attend college. We are moving forward with our implementation of the High Schools that Work program to maximize student achievement and success on an academic, economic, and social level. As the economy continues to change, we must also change some of our approaches in preparing our students for the workforce and their future. We will be offering a new course in Financial Basics and Management to offer students the opportunity to learn sound financial management strategies.

Once again, our Beta Club has won state recognition on a local and state level. We are proud to say that our State Beta Club president is a Chesnee High School student. In athletics for the 2009-2010 year, we have an individual state champion in wrestling and track, a state championship team in track, and a state championship team in baseball. We also have our highest percentage of scholar athletes (those maintaining a 3.5 or better).

We are finished with construction for the time being. The new wing, auditorium, and teacher work areas have already made a big difference. We have also expanded the nurse's area to include an isolation area and the guidance area to accommodate testing, counseling, and computer access. While we still have some classrooms in outside buildings, we are making progress with physical problems in our building situation.

Our challenges and goals remain the same; to make sure each student achieves success at Chesnee High School and to make sure each student is prepared to become a contributing part of society. We will continue efforts to lower our dropout rate and we need to increase our attendance rate. These are areas that have shown improvement but still need our attention. We need students, parents, and guardians to realize the importance of being in school every day. Our EOC (end of course) scores were exceptionally good this year. This means we are on the right track with our programs. We are continuing to raise our educational standards and our performance by emphasizing the necessity of a solid high school education.

School Adequate Yearly Progress

NO

This school met 7 out of 13 objectives. The objectives included student performance, graduation rate or student attendance, and participation in the state testing program.

Definition: As required by the United States Department of Education, Adequate Yearly Progress specifies that the statewide target is met for "All Students" and for the following subgroups: Racial/Ethnic, Subsidized Meals, Disability, and Limited English Proficiency in the areas of English/Language Arts and Mathematics, as well as meeting the statewide target for "All Students" for attendance or graduation rate.

School Improvement Status

N/A

School Improvement Key

NI	Newly Identified-The school missed adequate yearly progress (AYP) for two years. Sanction: Offer school choice.
CSI	Continuing School Improvement-The school missed AYP for three years. Sanctions: Continue school choice and implement supplemental services.
CA	Corrective Action-The school missed AYP for four years. Sanction: Continue school choice and supplemental services. The school district takes a corrective action.
RP	Plan to Restructure-Sanctions: Continue school choice and supplemental services. Develop a plan to restructure. If the school misses AYP the next year, the school implements the restructuring plan.
R	Restructure-The school missed AYP after two years of corrective action. Sanctions: Implement the restructuring plan. Continue school choice and supplemental services.
DELAY	The school met AYP in all subgroups and the indicator for one year, thus the delay provision applies. The school remains in the same status as last year and is referred to as in "Delay."
HOLD	The school made progress for one year in the subject area that identified the school for school improvement. The school remains in the same status as last year and is referred to as in "Hold."
