SC PERFORMANCE GOAL

2010 Goal:

By 2010, SC's student achievement will be ranked in the top half of the states nationally. To achieve this goal, we must become one of the fastest improving systems in the country.

2020 Vision:

By 2020 all students will graduate with the knowledge and skills necessary to compete successfully in the global economy, participate in a democratic society and contribute positively as members of families and communities.

REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

The 2009-2010 school year was one of introspection and growth for students and faculty at Laurens District 55 High School. Mr. Wayne McIntosh leads with many years of experience and wisdom in his role as principal of LDHS. We are delighted to have been named a South Carolina Palmetto Silver Award Winner for improvement in student achievement and for closing the achievement gap. Our chief initiative this year centered around Professional Learning Communities within our school community where we examined and disaggregated data. Extreme detail was considered in determining where classroom instruction would better support student achievement. All faculty members began work on departmental pacing guides to help ensure equity in instruction. Also, the Freshmen Academy began work on benchmarking in addition to the pacing guides. All faculty members were trained in and incorporated in the use of Tests for Higher Standards software. The Class of 2009 finished their high school careers in a stellar manner. Two hundred and sixty-nine seniors earned South Carolina Diplomas. Collectively, this class was offered more than \$2,000,000.00 in scholarship funds. Four seniors received the South Carolina Academic Honors Award this year. Betsy Washam, a member of the Math Department, was the 2009-2010 Teacher of the Year for LDHS. We hold deep respect for Mrs. Washam and the work she does for our students at LDHS. We are proud of the education students at Laurens District 55 High School receive as we work to develop lifelong thinkers and problem solvers who are equipped to meet the challenges of the 21st century work force.
