English 1	N/A	99.3
Physical Science	N/A	N/A
US History and the Constitution	N/A	N/A
All Subjects	100.0	99.6

SC PERFORMANCE GOAL

2010 Goal:
By 2010, SC's student achievement will be ranked in the top half of the states nationally. To achieve this goal, we must become one of the fastest improving systems in the country.

2020 Vision:
By 2020 all students will graduate with the knowledge and skills necessary to compete successfully in the global economy, participate in a democratic society and contribute positively as members of families and communities.

Percent satisfied with social and physical environment	100.0%	81.3%	84.5%
Percent satisfied with school-home relations	100.0%	95.1%	84.2%

*Only students at the highest middle school grade level at this school and their parents were included.

REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

Moultrie Middle School enjoyed another successful year with our move to our brand new state-of-the-art building. Our award-winning architectural team captured special recognition from the southeast region of CEFPI (Council of Educational Facility Planners International) for outstanding design and exceptional collaboration effort between Charleston County School District and the town of Mt Pleasant to develop our beautiful campus. With SMARTboards, teacher laptops, and student computers in every classroom and an additional five computer labs, we are on the cutting-edge of technology.

Moultrie achieved Palmetto Gold status with our Excellent Absolute rating and Good Growth rating. Not only are we increasing student achievement levels every year, but we are also expanding opportunities for students to develop as well-rounded young adults.

Our Women In Charge: "Engineering Women's Lives" program was established to increase interest in science and math careers for low and middle-income female students at Moultrie Middle School. The program is a two-year science and math course for female seventh and eighth grade students. The program features goal setting, team work, and learning from NASA and MIT engineers, and Clemson professors.

Sixth grade teachers integrate the environment into every component of the curriculum. Taking trips to Capers Island, studying water quality, crab traps, and the migration of sea turtles are just a few of the projects undertaken by these excited sixth graders. This year, through a state-funded science program called Project Indigo, sixth grade teachers organized a science symposium, which brought meteorologists, ornithologists, and other scientists to our school.

Our fine arts department continues to excel at concert festivals and our spring art auction. Over two hundred students perform in our chorus, earning superior ratings at every venue, and our band and jazz band garner top awards in their performances. We are invited to perform in many public venues, including the Family Circle Cup in Orlando, Florida, and at Carowinds.

National History Day prepares our students for high school level research. They write thesis statements, research papers, film documentaries, and make movies. This year Moultrie swept first place in every state category and sent eight students to the national competition at the University of Maryland.

Listed in the Great Schools website as a top-ranked school with a perfect ten score out of ten, Moultrie Middle School continues its tradition of excellence in the district, the tri-county area, the state, and the nation.

Jean Siewicki, Principal
Michael Murray, School Improvement Council
