REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

Pickens Middle School, a National Blue Ribbon School of Excellence and a National Service Learning Leader School, works daily with parents and community to emphasize high academic achievement, career awareness, and citizenship through diverse learning opportunities in a secure and caring environment. Pickens Middle has been named a National School of Character Promising Practices, an Exemplary Writing School, and a Carolina First Palmetto's Finest state middle school. We seek to improve student achievement by reading across the curriculum, creating career awareness through job shadowing activities and increasing parent involvement. The faculty participates in numerous staff development conferences through the Southern Regional Education Board (SREB), the National Middle School Conference, and other state and local conferences. Differentiated instruction, Thinking Maps, Literacy, and technology integration are among the staff development activities that the faculty participated in during school day meetings. Selected by the State Department of Education, the school is in the fourth year of a project to use the environment as an integrating context for learning. Seventh graders participate in this project in an effort to close the achievement gap. As a national leader in service learning, we continue to involve 100 percent of the faculty and students with service learning integrated into the curriculum. There are plans to develop a professional library to offer teachers the resources to develop innovative teaching techniques. It is our belief that by enlisting the support of the faculty, staff, administration, parents, and the community, we will achieve our goal of engaging students who can cope with the demands of an ever-changing world. Strong community support is shown through our civic organizations and business community partnerships that provide both financial and personal support to our school.
