There are no charter schools in this district.			

## REPORT OF SUPERINTENDENT

District Five Schools of Spartanburg County experienced another fantastic year. Our district continues to advance and improve in every aspect of its educational mission. This document highlights numerous examples of the success and excellence throughout our district including championships, awards, accolades, and recognitions received by schools, programs, students, and employees.

During the 2008 - 2009 school year, District Five celebrated the opening of two new elementary schools. The Abner Creek Elementary Gators began their inaugural year by "learning with love and laughter". Lyman Elementary began its first year as the Lyman Lions and their "pride is showing". These two new schools were the result of much planning and preparation by the district to accommodate increasing student enrollments. They helped to alleviate overcrowding at our existing elementary schools and allowed for the reconfiguration of grade structures by bringing the fourth grade back into our elementary schools, thus eliminating overcrowding at our intermediate schools.

District Five weathered the economic downturn in our state's economy by relying on fiscally conservative practices. During the year we experienced a series of budget cuts that reduced our state funding by approximately four million dollars. Due to the fiscally conservative management of our district, we were in a position that did not require the elimination of personnel or programs. Although the economic situation remains unstable, District Five will continue to place top priority on classroom instruction and meeting the needs of our children.

In the area of assessment and accountability, our students in grades three through eight experienced a new state test called PASS (Palmetto Assessment of State Standards). It consists of testing the areas of writing, English language arts, math, science, and social studies. The results of this assessment are projected to be released by the state this fall. Our students continue to show gains in almost every area of academic achievement including: MAP (Measure of Academic Progress), End of Course Tests, high school exit exam passage rates, and other standardized forms of academic measurement.

Thankfully, District Five continues to enjoy the benefits of enormous family and community support. We appreciate your commitment to our schools and the children of our community. Please continue to work with us as we strive to make District Five the premier district in every aspect of educational excellence.

Dr. Scott Turner, Superintendent
