Report of Principal and School Improvement Council

In 2010-2011 the Forts Pond Elementary Mighty Mallards made great strides toward achieving success for all of the students we serve in the Pelion and Edmund communities!

Our school's Title I Committee, Data Team and School Improvement Council reviewed the 2009-2010 summary test results for our students. We were able to determine our students' needs in the areas of mathematics, reading, behavior and attendance. FPES used Title I funds and the school budget to provide staff development for teachers and assist with technology programs designed to help improve student performance.

Our mathematics coach and technology integration specialists helped our classroom teachers develop differentiated instruction strategies to address individual student needs. The district also provided a literacy specialist who helped teachers implement the reading and language arts curriculum. A combined school and district effort allowed us to hire seven individuals to work with students who had the greatest needs in reading and mathematics through our Response to Intervention Program.

Our guidance counselors continued to provide a wonderful support system for our children and their families. Their work to establish a data-driven school counseling program earned FPES the Recognized ASCA Model Program (RAMP) designation from the American School Counselor Association. The counselors, administrators, faculty and staff worked together to help children focus on character traits and good habits based on Stephen Covey's "The 7 Habits of Highly Effective People" as part of our efforts to provide Positive Behavior Support and to encourage students to attend school.

Through community partnerships and special funding, we continued our Rolling Readers Program. This program provided each child with eight books for their personal reading collection, more than 100 families with snack bags for weekends, several class sets of iPod Touches, books for classroom libraries, GeoMotion Materials, and CDs and players for parents' use in our Parenting Library.

Our Family Involvement Committee worked diligently to plan activities to support the needs of students and their families. The committee hosted Math Night, Literacy Night, Gang Awareness Sessions, Technology Training Evenings, Healthy Choice Presentations, and Love and Logic Training for parents. School-sponsored community events, such as Trunk or Treat and the Family Involvement Celebration, attracted more than 600 participants!

During the 2011–2012 school year we plan to continue our goal of "Fulfilling the Potential of Every Student" at FPES!
