REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

This year was one we will not soon forget at McBee Elementary School. Samples of our accomplishments are listed below.

Our school continues to be one of the most technologically advanced elementary schools in South Carolina. Through the use of Title I, lottery, grant, and other funds, we are outfitted with Promethean boards, LCD projectors, classroom amplification systems, ACTIV votes, and ACTIV expressions.

McBee Elementary School students continue to do well on PASS. We attribute that success to an excellent staff, community & parental support, and wonderful children, as well as the use of technology by teachers, data analysis, and intensive staff development.

Computerized benchmark tests (MAP) were given to help improve PASS scores. MAP results, which were available within 48 hours of students taking the test, helped teachers individualize instruction for their students.

MAP data was used to form Math focus groups and Response to Intervention small reading groups.

From fall to spring, significant growth was shown in all areas tested (Math & ELA) as measured by the MAP test.

100% of classroom teachers participated in ongoing professional development

As part of our character education program, students were recognized each Friday and displayed on the "Wall of Character" for showing good character.

In a successful effort to get men involved in the lives of children, men from the community participated in our "Watch Dog" male mentoring program.

In reflecting on the 2010-2011 school year, we are extremely pleased with the academic and social progress made by our students. Such progress makes us very optimistic about the future successes our students will achieve.
