## REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

Lower Lee Elementary School, a small, rural, Title I school of 287 brilliant bears had an outstanding school year in 2010-11. Our school truly placed an intensive and thorough focus on improving student achievement through providing research-based, best practices for classroom teachers that in turn provide high quality, effective instructional delivery that led to our school meeting Adequate Yearly Progress in 2010, and as of June 2011, we were no longer recognized as a Palmetto Priority School. During this past year at Lower Lee, the following have been examples of the curricular and instructional focus:

- Pre-K continued its implementation of the Creative Curriculum program
- Balanced Literacy in all K—5 classrooms (Read Aloud, Writing, Shared Reading, Guided Reading, Word Development)
- Four Frame Mathematics instituted within grades K-5.
- Small group instruction was provided at all grade levels. K-2 small groups focused on best practices in reading and supporting the five core areas of reading (Comprehension, Fluency, Phonics, Phonemic Awareness, and Vocabulary). While, grades 3-5 focused on RIT band instruction to support students weak areas in Math and Reading.
- 75% of all classrooms have smart board technology, with 100% having document camera technology.
- 26 station mobile lab is available students to utilize within their classroom to support academic learning.
- Grades 1-5 teachers participate in Loyal Learners Excelling Study group that focuses on literacy instruction. Additionally, Lower Lee is proud of its newly instituted Parent University Workshops. During these workshops, parents are given strategies to aide in supporting their child academically from home. We are proud of our Lunch-N-Learn and Dinner -N-Data programs. During this time, parents get short, but effective workshops in reading, student testing data, conferencing tips, and summer support materials and ideas for students during a long vacation season.
- All students received small group assistance from interventions hired to focus K-2 on reading instruction, and 3 -5 reading and math strategies.

In addition, our School Improvement Council Chairperson was recognized as the SC School Improvement Council Advocate of the Year. What a phenomenal honor for our school and district! Moreover, our SIC had a great year of meetings and through community collaborations earned a recreational grant that will provide \$23,000 toward the purchase and construction of a much needed school playground.

At Lower Lee Elementary, we have zeroed in with laser focus on student achievement and expect that our students will be Learners Leading through Excellence for the coming year. Our brilliant bears believe that if better is possible, then good is just not enough!
