REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

Lesslie Elementary is a learning community dedicated to the physical, emotional, and academic success of all students. The 2010-2011 school year has been an exceptional year for students and staff. To support district initiatives and to better meet the needs of every child at Lesslie, teachers have participated in professional development on Differentiated Instruction and Response to Intervention. Teachers increased their knowledge and skill through, participating in workshops, observing colleagues, attending a variety of summer courses and staff development throughout the school year.

Several book studies were conducted throughout the school year to support school initiatives and improve student achievement. Pyramid Response to Intervention, Leadership for Differentiated Instruction, Data Teams, From Reading to Math, and Who Moved My Cheese were books studied by the staff.

We have used late start dates and after school professional development time for teachers at all grade levels to collaborate and develop common assessments. Staff development has been conducted by professional consultants, district instructional specialists and Lesslie teachers and administrators.

Our staff is making a concerted effort to thread technology throughout the curriculum. Teachers use e-books, Promethean Boards, laptop computers, Hue Cams and other forms of technology to enhance teaching and learning.

We will continue to use data to inform and drive instruction.

Our PTO continues to be a strong resource and support for our school. All proceeds raised during the school year are used to support instruction and school climate. Because of the support of parents and the community, our students will continue to excel.

Comprehensive detail, including definitions of ratings, performance criteria, and explanations of status, is available on www.ed.sc.gov and www.eoc.sc.gov as well as school and school district websites.
