Percent satisfied with social and physical environment	78.1%	73.1%	74.4%
Percent satisfied with school-home relations	54.8%	80.5%	70.3%

*Only students at the highest high school grade level at this school and their parents were included.

REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

C.E. Murray High School, built in 1954, in the small rural community of Greeleyville, is located in Williamsburg County. The school has a long standing history of academic, athletic and cultural excellence. C.E. Murray High School staff members are highly qualified caring individuals that provide a safe, clean, and academically enriched environment for our children. The school's primary goal is to ensure that all students who graduate are college and career ready. We have fully implemented the High Schools That Work and Making Middle Grades Work comprehensive academic programs. C.E. Murray is accredited by AdvanceED and offers twelve career clusters and twenty-six majors within those career clusters. C.E. Murray High School was one of nineteen South Carolina schools recognized as a bronze school in the nation and has been recognized as a state Palmetto award winner for both student performance and closing the achievement gap. Numerous extra-curricular activities to assist in the social development of our students and hone their leadership skills are provided. Our accomplishments for the 2010-2011 school year include: ensured that all staff members participated in meaningful professional development sessions such as, the use of data, to enhance student achievement; provided incentives for student achievement; provided career shadowing and transition opportunities for all students; afford students the opportunity to graduate on time by offering virtual school and credit recovery courses along with counseling; facilitated sessions through the GEAR-UP program for all seniors to enroll in college; and provided productive after school tutoring sessions based on state academic standards for all students. C.E. Murray High School students received recognition in the following areas: regional and state athletic awards in cheerleading, golf, basketball, track and football; regional and state awards in the area of Career and Technology Education; and competed successfully in various band competitions taking five first place awards. In addition, the 2011 graduating class received in excess of \$968,912.00 in scholarships. We will continue to foster parental and community support to meet our continuous school improvement efforts by hosting numerous events such as: Family Institute, monthly PTSA and SICA meetings, IGP conferences, Career and Health Fairs, and monthly parenting programs on topics requested by parents such as Bullying and How to Have Successful Parenting Conferences. Although student achievement and motivation, along with building meaningful productive parental and community relationships, remain challenges for the school, we are making progress in the area of student achievement and will continue to focus on involving our parents and community members in our efforts to provide meaningful and appropriate educational experiences that will maximize the full potential of all students and prepare them to be responsible citizens and lifelong learners in this global society. We are grateful that the faculty, staff and community are supporting our students and providing encouragement for their continuous success in today's world.

Janice Murray Gamble, Ed.D, Principal
Mrs. Orthello Joseph, SICA
