Report of Principal and School Improvement Council

Waccamaw Elementary School is an inquiry-based learning school that serves students in grades Pre-K through 3. As we embark upon another school year, it is our mission to help children become inquiring, knowledgeable and caring citizens, who help to create a more peaceful world through intercultural understanding and respect, by providing developmentally appropriate curriculum in a safe and supportive environment.

The teachers have demonstrated strong efforts in their commitment to the school mission and goals by utilizing professional opportunities to enhance their knowledge base and experiences in a professional learning community that encompassed research-based best practices, and rigorous assessments to improve student learning and achievement in the core subjects. The implementation of common core standards will be a main focus for the 2012-2013 school year. We will continue to use best practices and instructional tools, such as Balanced Literacy, Phonics, Everyday Math, hands on science, technology/digital tools, and the arts to enhance instruction, and actively engage students in learning and achieving.

We attribute our success as a Palmetto Gold Award recipient school to student learning achievements, high expectations, committed and dedicated teachers, ongoing collaborations, strong parental involvement, external resources and programs, high student and teacher attendance, and school/community relations.

We are appreciative of our parents and other stakeholders for their willingness to support our shared vision. With their support, we have implemented several school-wide initiatives to enhance students' character building and service learning skills.

The ongoing support and dedication received from the entire Waccamaw family goes beyond measure. It is an indication of total commitment to children.

Jessica Phillips, Chairman of School Improvement Council

ESEA/Federal Accountability Rating System

In July 2012, the South Carolina Department of Education was granted a waiver from several accountability requirements of the federal Elementary and Secondary Education Act (ESEA). This waiver allowed SC to replace the former pass/fail system with one that utilizes more of the statewide assessments already in place and combine these subject area results with graduation rate (in high schools) to determine if each school met the target or made progress toward the target. This analysis results in a letter grade for the school rather than the pass/fail system of previous years. For a detailed review of the matrix for each school and districts that determined the letter grade, please use the following link: <http://ed.sc.gov/data/esea/> or request this information from your child's district or school.

Overall Weighted Points Total	97.4
Overall Grade Conversion	A
