## Report of Principal and School Improvement Council

Leading with passion and raising the bar was the objective of faculty and staff at Burnside this school year. The Burnside family worked together vigorously to implement new programs and strengthen current strategies to see every student at Burnside achieve.

This year, faculty worked diligently to strengthen lesson plans using research based best practices across the curriculum areas. Our Response to Intervention (RTI) team worked alongside teachers to ensure that the needs of all of our students were met quickly and effectively. District consultants in the areas of Math and English Language Arts met regularly with teachers on skill based practices. Integration was used more frequently among teachers to increase content levels across curricula. Students who may have struggled in the areas of Math and Reading were able to obtain additional support in these areas through the usage of Reading and Math interventionist.

To increase positive relationships among students, faculty , staff, and parents Burnside began an All Health basketball team. Students learned teamwork and stewardship through daily practices and weekly games. We saw an increase in parental involvement through the program and are excited to continue fostering those relationships.

Burnside also received media coverage this school year as our students met the challenge to increase their reading time at home. Students were challenged to get 1,000 signatures collectively on their reading logs to have whatever reward they choose. Our students surpassed this goal obtaining over 2,000 signatures during the allotted time and requested the principal to sit on the roof of the school for a couple of hours on her birthday. Fun was had by all!

We remain committed to seeing every student at Burnside achieve. We boast the fact that we have dedicated volunteers, community partners, PTO, SIC, and faculty and staff that work together to help achieve this goal. We look forward to increasing our parental involvement in areas that promote better student achievement.

Mr. Roger Gounaud, SIC Chairperson  
Dr. Felicia Miles, Principal

**ESEA/Federal Accountability Rating System**

In July 2012, the South Carolina Department of Education was granted a waiver from several accountability requirements of the federal Elementary and Secondary Education Act (ESEA). This waiver allowed SC to replace the former pass/fail system with one that utilizes more of the statewide assessments already in place and combine these subject area results with graduation rate (in high schools) to determine if each school met the target or made progress toward the target. This analysis results in a letter grade for the school rather than the pass/fail system of previous years. For a detailed review of the matrix for each school and districts that determined the letter grade, please use the following link: <http://ed.sc.gov/data/esea/> or request this information from your child's district or school.

<b>Overall Weighted Points Total</b>	<b>88.2</b>
<b>Overall Grade Conversion</b>	<b>B</b>
