Report of Principal and School Improvement Council

The 2011-12 school year was phenomenal! Our school community embraced the school's motto – Learning Today to Change Tomorrow – and a myriad of changes evolved. Polo Road's students LEARNED the value of interdependence through our Peace Challenge. Students demonstrated our 8 Character Traits and earned "days of peace." Each time students accumulated twenty days of peace, they participated in a celebration. Teacher vs. students kickball, Pie the Principal and Silly String the Teacher were among several activities students chose to celebrate their feat of "keeping the peace" at Polo Road.

As a result of students' efforts, the level of camaraderie in our school CHANGED significantly. Our parents and community at-large LEARNED the impact that parent/community involvement has on the school. Our SIC began working to garner more community support (e.g., the distribution of school postcards via a mass-mailing; inclusion of news blurbs through local media outlets). Our PTO worked tirelessly to support our instructional staff and provide quality family-oriented experiences (e.g., restaurant nights, VIP breakfasts, school personnel appreciation luncheons). Parents and community members invested thousands of volunteer hours – both on campus and remotely from home. As a result of the efforts and support of our parents and community, our level of school-parent-community engagement has CHANGED for the better.

Polo Road's instructional staff LEARNED the value of participating in meaningful, engaging professional development experiences. Both certified and classified personnel were provided learning experiences to help them grow professionally and be better able to serve our students. As a result of our professional development experiences, the level of professionalism and competency among our instructional staff has CHANGED. Additionally, we are very pleased to ... - have been named a recipient of another Palmetto Silver Award (for general performance) - be the home school of South Carolina's Rookie Special Educator of the Year – Mr. Daniel Murphy - have expanded one-to-one computing to 4th and 5th grades - have hosted student teachers and practicum students from Columbia College, the University of South Carolina, Western Governors University and the University of Southern California Polo Road's successes are a result of the participation and involvement of motivated students, parents, staff and community members. We continue to endeavor to fulfill our school's motto ... Learning Today to Change Tomorrow.

 Linda Bartley-Bailey, SIC Chairperson

ESEA/Federal Accountability Rating System

In July 2012, the South Carolina Department of Education was granted a waiver from several accountability requirements of the federal Elementary and Secondary Education Act (ESEA). This waiver allowed SC to replace the former pass/fail system with one that utilizes more of the statewide assessments already in place and combine these subject area results with graduation rate (in high schools) to determine if each school met the target or made progress toward the target. This analysis results in a letter grade for the school rather than the pass/fail system of previous years. For a detailed review of the matrix for each school and districts that determined the letter grade, please use the following link: <http://ed.sc.gov/data/esea/> or request this information from your child's district or school.
