Report of Principal and School Improvement Council

Shaw Heights Elementary is a Title I school providing students in grades two and three a great place to learn. Our School Improvement Council has made a commitment to provide support for the school’s mission and performance goals, and to encourage the involvement of the community. We appreciate the support of parents and community members and see this support as an integral part of our success. We met AYP and earned the Palmetto Gold Award in 2010 and 2011 based on the results of our PASS scores. Our 2011 absolute performance rating was EXCELLENT and our improvement rating was EXCELLENT. We are pleased with our students’ academic progress.

Our teachers continue to use standard based instructional plans, and provide students with critical thinking skills and problem solving activities. Our teachers utilize test data to focus on programs that will help to increase student achievement by reinforcing weak areas. We have a child study team, computer lab, accelerated reader, parent volunteers, parenting workshops and other programs in place to meet the needs of the students at Shaw Heights Elementary.

Our students participate in art, physical education, and music programs. The Shaw Heights chorus sings at a variety of school functions and community events. We will continue to utilize research, involve our parents and community members, and focus on appropriate academic planning and instruction to improve the achievement of each child attending Shaw Heights Elementary.

ESEA/Federal Accountability Rating System

In July 2012, the South Carolina Department of Education was granted a waiver from several accountability requirements of the federal Elementary and Secondary Education Act (ESEA). This waiver allowed SC to replace the former pass/fail system with one that utilizes more of the statewide assessments already in place and combine these subject area results with graduation rate (in high schools) to determine if each school met the target or made progress toward the target. This analysis results in a letter grade for the school rather than the pass/fail system of previous years. For a detailed review of the matrix for each school and districts that determined the letter grade, please use the following link: <http://ed.sc.gov/data/esea/> or request this information from your child's district or school.

Overall Weighted Points Total	96.1
Overall Grade Conversion	A
