Percent satisfied with school-home relations	83.3%	56.3%	100.0%

\*Only students at the highest elementary school grade level at this school and their parents were included.

## REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

The Apple Charter School (TACS) is built on a foundation and philosophy that values education in a nurturing and challenging environment. Student-centered, family involved and community partnerships help us reach our future of increasing academic achievement for all students as we use best practice strategies to meet the unique academic, social and emotional needs of young boys and girls to close the achievement gap, build acceptable behavior through character leadership, and prepare students for a successful career pathway.

The mission of The Apple Charter School is to educate students in a stable, consistent, single gender environment while preparing them for higher education and maximizing their potential for success in an ever-changing world. As a school of choice, TACS served students in grades K-7, and will add grade 8 for the 2012-2013 school year.

We exist with a major objective to support and assist students in making high school their number one goal by achieving their full academic potential. We encourage students to set higher goals for post-secondary education and careers for future success in the marketplace. The Apple Charter School focuses on collaboration, hard work, high standards and hands-on entrepreneurial experience that will enable our students to compete with students all over the world.

The Apple Charter School provides the academic and employability skills that students need to excel. The school utilizes small class size, and a highly integrative curriculum that emphasizes state and national standards taught by a highly qualified and dedicated staff. Students pursue answers to questions they have about themselves, curriculum content, and the world through effective teaching strategies, discipline, and recognition of academic excellence, extra-curricular activities and service learning. The curriculum at Apple Charter is on the cutting edge of career preparation by offering 21st Century employability skills training, advanced technology tools, and hands-on instruction in all Science, Technology, Engineering and Mathematics (STEM) fields. The curriculum framework allows for students to make connections between classroom learning and the real world, thinking critically and becoming responsible citizens. Classrooms are equipped with Bright Links technology and all students have access to laptop computers.

Patricia Williams, School Director  
Joseph Barbour, Chairperson, TACS Board of Director
