**REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL**

“Celebrating 10 years of Growing Excellence and Success” was the theme enjoyed by our school as we celebrated our 10th year. Gilbert Elementary School believes that our students hold the key to the future and continue their preparation for this 21st century global society.

GES continues to face challenges that come with a diverse socioeconomic population as well as growth. More students need financial assistance and help with learning barriers, and social and emotional needs. The School Improvement Council and PTA support the staff as we work to ensure student success by providing strategy-based instruction and personalized learning designed to meet the needs of all our children. We use data from norm-referenced Measures of Academic Progress tests, benchmark Voyager testing, common assessments and Palmetto Assessment of State Standards (PASS) to track student progress. Students and their teachers continue to set goals together and measure student growth throughout the year.

Teachers continue to grow through Professional Learning Communities and Team Learning. Our teacher leaders are engaged in a book study of “Focus” by Mike Schmoker as they do an in-depth study of best practices for enhancing students’ writing skills. Our staff continues to implement a PBIS model based on “The Leader in Me” by Steven Covey, which supports the efforts of our faculty and staff to provide a positive learning culture for all students.

Mathematics Coach Heather Price worked with faculty to implement the “First in Math” lab program and worked with teachers to provide effective instruction through Everyday Math. Amber Buzhardt, our technology integration specialist, continued to share innovative methods for incorporating technology in daily instruction. Teachers use Response to Intervention strategies to implement meaningful, results-based instruction.

We created a GES Student Advisory Council who made suggestions that we implemented for expanding technology, including new laptops and iPads for student research and project-based learning, in our new Learning Commons.

The S.C. State Department of Education acknowledged GES’s academic improvement and excellence by awarding us the Palmetto Silver Award for academic performance. The S.C. Early Childhood Association named Principal Tim Oswald Administrator of the Year for implementing creative professional development opportunities of “best practices” for instruction. GES supported Relay For Life, raising \$11,916 and winning a Top Team award. Our school, a proud supporter of St. Jude Children’s Research Hospital, participated in the annual Math-A-Thon, resulting in 420 students raising \$6,765. Many of our teachers received awards such as Bright Ideas Grants for “iPads in the Classroom.”

In partnership with our community, we continue to prepare our children to be 21st century global learners and citizens.

Principal Timothy F. Oswald and SIC Chair Staci Randall
