**Report of Principal and School Improvement Council**

At Baptist Hill Middle/High School, we see everything we do as a partnership with our students, families and community to better serve our students and make BHMHS a success.

We began the year by training teachers and staff to universally screen students in oral reading fluency, reading comprehension, writing and math computation. We used that data as well as MAP testing benchmarks to create our Tier II and III interventions for students who were struggling in their core classes. The students who qualified were given explicit instruction in a research based reading and/or math program and their progress was monitored weekly to ascertain their level of response to the intervention.

Our partnership with St. Paul's Trident Technical Satellite Campus was expanded to offer dual credit classes in Early Child Development. Additionally, we had our entire rising junior class take the COMPASS Placement Test in hopes of starting dual credit in ELA and Math as well. It is our mission to offer a rigorous and meaningful curriculum at Baptist Hill. We believe partnering with higher education communities will help us reach that goal.

We saw our MAP benchmark scores soar this year due to student incentives and an unwavering expectation of excellence. We continue to offer our HSAP prep classes and Operation Success test prep school-wide initiatives.

We appreciate the patronage and faith of the sea island communities and the Baptist Hill Family. We cannot be successful without you. Please come check in at the front office and take a look at what is going on at Baptist Hill; we welcome guests!

## ESEA/Federal Accountability Rating System

In July 2012, the South Carolina Department of Education was granted a waiver from several accountability requirements of the federal Elementary and Secondary Education Act (ESEA). This waiver allowed SC to replace the former pass/fail system with one that utilizes more of the statewide assessments already in place and combine these subject area results with graduation rate (in high schools) to determine if each school met the target or made progress toward the target. This analysis results in a letter grade for the school rather than the pass/fail system of previous years. For a detailed review of the matrix for each school and districts that determined the letter grade, please use the following link: <http://ed.sc.gov/data/esea/> or request this information from your child's district or school.

Overall Weighted Points Total	84.8
Overall Grade Conversion	B

90-100	A	Performance substantially exceeds the state's expectations.
80-89.9	B	Performance exceeds the state's expectations.
70-79.9	C	Performance meets the state's expectations.
60-69.9	D	Performance does not meet the state's expectations.
