## Report of Principal and School Improvement Council

Berea High School has been serving the needs of the Berea community for over 100 years. Our community has become one of the most diverse in Greenville County. Our current student population is reflective of this diverse community with approximately a third of each major ethnic race represented. We believe that this diversity has made us stronger and, as evidenced by our test scores, we continue to outpace ourselves each year. We have embraced our new demographics, while still remaining true to our traditional community. Our centennial year, 2011, ended with positive responses from our alumni and with renewed enthusiasm for the future. The 2011-2012 school year also continued our tradition of increasing test scores. We have again increased our End of Course exam scores for the sixth consecutive year. Over 40% of all students also qualified for our renaissance program; students must have above a 3.0 GPA and not receive any major disciplinary referrals. In addition we were recognized nationally, receiving a Bronze medal from US News and World Reports in their best high schools edition. Our boys and girls book clubs continued to grow; showing that reading is not only fun but it is cool as well. Almost 40% of our students participated in "Bad Boyz Read", or "Glam Girls" book clubs. We added a new drama program. In their first year they put on two highly entertaining and successful plays. Our nationally recognized Air Force NJROTC program again received the distinguished unit award and received the "Sword of Excellence" as the best Air Force NJROTC program in the state of South Carolina. Our athletic teams continue to show progress as well. Both boys and girls basketball teams made the playoffs, and the softball team repeated as region champion. We believe that our success will continue because our faculty has built a highly collaborative environment and they continue to put student interest before their own. Our goal is to provide a high quality education to all students and to prepare them to be successful in all aspects of their lives after high school. With the help and support of our community, we have no doubt that we can and will accomplish our mission.

Sincerely,  
Georgia Sizemore, SIC Chair  
Mike Noel, Principal

## ESEA/Federal Accountability Rating System

In July 2012, the South Carolina Department of Education was granted a waiver from several accountability requirements of the federal Elementary and Secondary Education Act (ESEA). This waiver allowed SC to replace the former pass/fail system with one that utilizes more of the statewide assessments already in place and combine these subject area results with graduation rate (in high schools) to determine if each school met the target or made progress toward the target. This analysis results in a letter grade for the school rather than the pass/fail system of previous years. For a detailed review of the matrix for each school and districts that determined the letter grade, please use the following link: <http://ed.sc.gov/data/esea/> or request this information from your child's district or school.
