Comprehensive detail, including definitions of ratings, performance criteria, and explanations of status, is available on www.ed.sc.gov and www.eoc.sc.gov as well as school and school district websites.

Printed versions are available from school districts upon request.

REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

Eau Claire High School offers a comprehensive curriculum designed to meet the needs of students seeking post-graduation degrees from two or four year colleges/universities, a military career or entrance into the work force. Our curriculum offers Advanced Placement (AP) and College Prep (CP) courses as well as Honors and Career and Technology Education or CATE courses. Opportunities are in place for students to participate in internships and co-op activities. As a High School That Works (HSTW) site, the school continues to focus on the HSTW ten key practices. As a result of the school's commitment to the High School That Works initiative, ten students received the HSTW Award of Educational Achievement. The school continues to provide opportunities for increased teacher, staff and student capacity. Staff development and academic workshops are conducted to assist teachers and support staff in the delivery of classroom instruction and other student services. Each activity is data-driven and based on student needs.

Tutorial sessions both before and after school, as well as Saturday School, are offered to all students. The Saturday School program provides students the opportunity to receive HSAP, End of Course (EOC) and SAT/ACT Prep assistance. In addition, our afterschool program offers students academic assistance in all their course work. Student athletes are also given an opportunity to maintain their academic standing in the before and after school sessions. Opportunity to recover credit is also available to our students. Mini-student body data presentations are conducted to increase student awareness of the school's academic performance, establish school-wide goals and increase student involvement in congressional policy making such as the NOYS-Distracted Driving Summit. With student achievement as a top priority, the school continues to see evidence of students' academic success. Sixteen students were recognized as Richland One Academic All-Stars and one student was accepted into the United States Naval Academy Preparatory School. The establishment of Recognition and Appreciation Day, Quarterly Honors and Awards Programs, Character Counts and other initiatives, have all increased student awareness of the importance of good grades and good character and have led to improved student academic performance and numerous academic awards. In addition to academic success, our athletics program continues to thrive; producing a State Champion in Cross Country. Family, Career and Community Leaders of America students won state level awards and will attend the National Conference. ECHS received the Healthier Generation Healthy Schools Program National Bronze Award. Our Fine Arts Department and other co-curriculum areas also continue to be recognized for outstanding performances and presentations. Our very active School Improvement Council (SIC) and booster clubs continue to provide vital support for Eau Claire High. These organizations are very active and constantly help to meet the needs of the school.

Eau Claire High School has partnered with Columbia College to infuse an arts-focused curriculum, which enables students to participate actively in dramatic arts, dance, piano and orchestra. The staff of Eau Claire High School has incorporated Best Practice strategies into our curricula to improve student achievement. However, in the pursuit of academic excellence, we will continue to solicit parental, community and business support through partnerships and our re-established Parents, Teachers, and Students Organization or PTSO.

June A. Page, Principal
Lina Wehbi, SIC Chairperson
