Report of Principal and School Improvement Council

Oakbrook Middle School, located in the southern corner of Dorchester County, is one of six middle schools in Dorchester School District Two. The mission of Oakbrook Middle School is to educate students to become proficient, responsible and caring citizens by creating a nurturing environment where staff, parents and community work together to provide challenges and opportunities for students to reach their maximum potential. OMS received an absolute report card rating of "GOOD" and a growth rating of "EXCELLENT" for the 2011 school year. Our students continue to demonstrate their academic success in the areas of reading, math and science. We have earned the Gold Level Award in Math Counts, and we continue to do well in the various math academic competitions. This year our Legos Robotics Team participated in the lowcountry competition. This is the 25th consecutive year OMS has placed in a division of the Quest Competition. We had 52 Junior Scholar participants and 20 Duke TIP Scholars. We had 8 students who qualified as state finalist. Our students and staff raised over \$6,000 for Make-A-Wish and over \$10,000.00 for Relay for Life. We also continue to support the American Heart Association, the Susan B. Komen Foundation as well as the Trident-United Way Campaign. Additionally, our students and staff have supported the Muscular Dystrophy Association and the Low Country Food Bank.

OMS continues to implement strategies that have been successful in closing the achievement gap. This year, we won both the Palmetto Gold and Silver Awards from the SDE. The Silver Award was for closing the achievement gap. We use benchmark data to evaluate, guide, and improve instruction. Also, we use Compass Learning as well as Voyager Math and Reading software. These programs allow us to use technology to create effective individual learning paths for our students. This year we implemented two universal screening assessments, SRI and SMI, to provide performance data on all students in math and reading. The data will be used to develop appropriate RTI (Response to Interventions) practices that will improve student achievement. We continue to provide computer assisted instruction with Smart Boards and web-based activities. The READ 180 program continues to address the needs for struggling readers in all grades. We utilize Parent Portal, School Fusion, ParentLink and parent focus meetings to address the challenges parents face rearing and educating young adolescents. We continue to conduct information sessions, award/recognition programs, and parent teacher conferences.

Professional development opportunities for our teachers remain a top priority. The collaboration and data debriefings held throughout the year have proved to be very beneficial. Additionally, the emphasis on EDI (Explicit Direct Instruction), Target Teach, and collaborative planning sessions will continue to be utilized. Our teachers will continue to utilize web-based instructional opportunities that will address the needs of all students. Our faculty consists of fifty-three teachers, with nine having received National Board Certification. OMS continues to be a great place where students "care to learn and learn to care."

ESEA/Federal Accountability Rating System

In July 2012, the South Carolina Department of Education was granted a waiver from several accountability requirements of the federal Elementary and Secondary Education Act (ESEA). This waiver allowed SC to replace the former pass/fail system with one that utilizes more of the statewide assessments already in place and combine these subject area results with graduation rate (in high schools) to determine if each school met the target or made progress toward the target. This analysis results in a letter grade for the school rather than the pass/fail system of previous years. For a detailed review of the matrix for each school and districts that determined the letter grade, please use the following link: <http://ed.sc.gov/data/esea/> or request this information from your child's district or school.

Overall Weighted Points Total	93.9
Overall Grade Conversion	A
