REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

Tanglewood Middle School is progressing as a Making Middle Grades Work site through the building of professional learning communities and collaboration. This past year our focus was on planning and delivering rigorous instruction. Our teachers will continue to work cooperatively in grade level teams and work towards fully developing the middle school concept. We will continue to utilize Fast Forward to target areas in need of improvement in reading. Our students are maintaining an average reading growth of 1.5 years in a total of eighteen weeks in the program. We will also continue the use of the I Can Learn lab to increase the growth of our students in the mathematics content. Tanglewood Middle School is one of the most technologically advanced middle schools in the state of South Carolina. With our recent upgrades, we now have the latest Promethean Boards on the market in every classroom in our building along with Activslates and class sets of ActivExpressions. Every classroom is equipped with a laptop lab and wireless access to our servers. We will begin the 2012-2013 year with a digital media center that will duplicate the current collection on our shelves. Our teachers and students will have E-Book technology at their fingertips. Computers, Ipads, and other electronic devices will eventually replace all of the textbooks and library books in our building. Our students will be among the first in our state to truly learn in a 21st Century digital environment. Our school will be in the fourth year of implementation of a school wide PBIS (Positive Behavior Interventions and Support) model focusing on the acronym PRIDE. (Prepared to Learn; Respectful; Interacting positively; Dressed for success; Engaged) Our students and community are familiar with Tanglewood's expectations which are taught and reinforced through lessons from our staff members. We will continue to focus our attention on positive interaction, character development, and mentoring. The entire staff will be trained in Capturing Kids Hearts this summer to accompany the work in PBIS. Our emphasis will be building positive relationships and cultures within our school. Our School is committed to the students, families and communities we serve. It takes the combined efforts of these stakeholders to make Tanglewood Middle a great school! Together we will achieve performance excellence!
