REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

Clio Elementary Middle School is under construction. Our school strives to provide "opportunities for academic and extra curricular excellence that meet the needs and interests of every child in a safe, stimulating and conducive learning environment" Our school is taking progressive measures to afford each student the opportunity to succeed. Identified in the middle school as a Palmetto Priority School, student and principal goals were established to guide the school throughout the year.

Our teachers adhere to district curriculum pacing guides and approved curriculum as they implement researched-based strategies for instructions. South Carolina Standards, Curriculum Alignment Documents (CADS), SQ3 Curriculum, Super Seven, Fantastic Five, Daily Oral Language, Good Start Grow Smart, and Imagine It! Curriculum guide the implementation of best practices for classroom instructions.

Accelerated Reader and Math, and Compass Learning Odyssey are academic initiatives that provide more literacy support for our students in our reading across the curriculum endeavors. The continuation of the CAVs Read Café provides an incentive for students to read and requires an Accelerated Reader's average of 85% or better. Likewise, a mobile computer lab and iPads are utilized to strengthen literacy, as well. Moreover, Measures of Academic Progress (MAP) scores were analyzed and converted to project the probability of a student's ability to pass the state PASS tests. The MAP data were also used to monitor student academic progress and to provide validity to the specified differentiation in student instructions. In addition, our efforts with the calculation template designed by state data consultant, dr. Titus Duren.. Likewise, during the first semester of the school year, Thinkgate benchmarks afforded the teachers with an At-Risk Report which identified each student's progress per standard. This report was instrumental in establishing groups for the school-wide Reinforcement & Remediation (R&R) Day. The school continued with its focus on Dr. Larry Bell's twelve powerful words. We had pull out remediation class for grades 1-3 with a focus on Reading comprehension. The Lead Teacher held data meetings every Tuesday, and discussed teacher-generated data, district data, state data, as well as topics on Rigor, Common Core Standards and ENRICH which is a student data management system.

The disaggregation of PASS, MAP and benchmark data provides a basis to monitor and adjust instructions to target the school's and students' areas of deficiency. Even though data disaggregation was a school-wide, a more intricate attention was targeted on the middle grade students. Conducted by the Lead Teacher, classroom teachers and middle grades interventionist, the intervention sessions offered more individualized sessions that afforded the targeted students additional assistance to propel them to or beyond the next academic level.

Reflecting the Home School and Community correlate, the school is supported by community volunteers, members and business partners: Clio Police Department and Herald Office Systems are among the organizations. Many area churches were collaborative school partners through the Adopt-A-Class Program which was designed for churches to advocate on behalf of the children and to support the school's curriculum program. Eleven area churches served fervently to meet various grade level needs. Church members served as mentors, trip chaperones, test monitors, and provided test incentives and school supplies.
