**Report of Director and School Improvement Council**

The Anderson Five Career Campus is in its first year of operation as an independent school. Prior to this year, the site housed the Hanna/Westside Extension Campus which was considered to be part of both Hanna High and Westside High Schools. Commitment to shared values and beliefs about teaching and learning is evident in the actions taken by the faculty and staff. This commitment is regularly reflected in communication among leaders and staff.

Students participated in school to work activities through job shadowing, internships, and cooperative educational experiences. We had FBLA students compete at the National level in California and Culinary Arts students in compete in the National FCCLA Competition in Nashville. The Project Lead the Way Biomedical Sciences seniors had their first "White Coat Ceremony" and the PLTW Engineering completers are eligible to receive dual credit through Tri County Technical College, University of South Carolina, Rochester Institute of Technology, and the University of Iowa. Students received certifications in Serve Safe, Pro Start, and CPR. One hundred percent of the senior cosmetology students earned their state license to practice cosmetology.

Eight of our computer labs we updated this year. Plus, two mobile computer labs were purchased to be shared among Culinary Arts, Cosmetology, and Plant and Animal Science. Several instructors were provided I Pads for use in their classrooms, and digital cameras were supplied for the Digital Imaging classes. All of our classrooms are now equipped with Smart Boards to enhance student learning experiences.

We have thirty-one teachers and all are certified in their teaching field. Within our staff we have six National Board certified teachers, three Master PLTW teachers, and two Master Automotive certified teachers. Teachers are provided professional development training in strategies for improving instruction and getting the best from students. All teachers were given professional development training in technology.

This year there was a focus on strengthening our school and community relations, as well as, strengthening our ties with Business and Industry. The school has a strong Advisory Council comprised of members of our local business and education community. The Advisory Council had two very productive meetings, in which the school members and Council Members were able to determine ways to strengthen our courses and involve additional businesses in our educational program.

Our overriding goal is to develop a school climate that fosters learning and allows students to feel safe and secure and to develop into solid citizens who will go on to become contributing members of society. We want our teachers to be comfortable in developing and providing an instructional program that promotes growth and development and nurtures learning. We provide fair and equitable treatment of all of our students. Our goal is to constantly reflect on our progress and to make adjustments as necessary to support continual growth.

Cathy Shaw, Director  
Joseph Argo, School Improvement Council Chair

**ESEA/Federal Accountability Rating System**

In July 2013, the South Carolina Department of Education was granted a waiver from several accountability requirements of the federal Elementary and Secondary Education Act (ESEA). This waiver allowed SC to replace the former pass/fail system with one that utilizes more of the statewide assessments already in place and combine these subject area results with graduation rate (in high schools) to determine if each school met the target or made progress toward the target. This analysis results in a letter grade for the school rather than the pass/fail system of previous years. For a detailed review of the matrix for each school and districts that determined the letter grade, please use the following link: <http://ed.sc.gov/data/esea/> or request this information from your child's district or school.

<b>Overall Weighted Points Total</b>	N/A
<b>Overall Grade Conversion</b>	N/A

Index Score	Grade	Description
90-100	A	Performance substantially exceeds the state's expectations.
80-89.9	B	Performance exceeds the state's expectations.
70-79.9	C	Performance meets the state's expectations.
60-69.9	D	Performance does not meet the state's expectations.
Less than 60	F	Performance is substantially below the state's expectations

**Accountability Indicator for Title I Schools**

Anderson Five Career Campus school has been designated as a:

- Title I Reward School for Performance - among the highest performing Title I schools in a given year.
- Title I Reward School for Progress – one of the schools with substantial progress in student subgroups.
- Title I Focus School – one of the schools with the highest average performance gap between subgroups.
- Title I Priority School – one of the 5% lowest performing Title I schools.
- Title I School – does not qualify as Reward, Focus or Priority School.
- Non-Title I School – therefore the designations above are not applicable.
