REPORT OF SUPERINTENDENT

Orangeburg Consolidated School District Three has committed to preparing every student for high school graduation and to foster positive future leaders. There are district-wide initiatives to support a common ground aligning all professional learning and instructional practices with the final outcome to improve teacher growth, ultimately improving student achievement.

The district predicts a positive trajectory as students are exposed to career pathways in kindergarten through twelfth grade based on specific interests and themes. Unique programming includes STEM themed bio-medical and engineering classes, international studies, enhanced foreign language classes beginning in elementary grades, STEM labs, visual and performing arts curricula, the most updated technology, rigorous academic competitions, a middle college for high school students and project-based learning experiences to prepare students to make informed decisions regarding college selections and career choices. District and site-based leadership teams have collaborated and have formulated a plan to overcome the academic deficits that may have existed. The team has led the entire district to adopt the grant funded Teacher Advancement Program as the reform model towards improving the instructional practices through professional learning. This grant brings over 6.3 million for three years. This weekly TAP professional learning occurs at the school level with the support of mentor teachers and master teachers.

The District has focused on the delivery of research-based instructional practices, engaging students as inquirers, problem solvers and researchers. Data has served as the catalyst for instructional decisions through both formative and summative measures. The Office of Curriculum and Instruction provided ongoing professional learning sessions on best practices in preparation for the district's full implementation of the Common Core State Standards in 2013-2014.

During the 2012-2013 year, Lake Marion High School received endorsement as an IB World School offering the first IB Diploma Track courses in August 2013. The district received an Elementary and Secondary School Counseling Initiative Grant of approximately 1.1 million over three years providing mental health counselors and social workers to assist students and families with today's issues.

Comprehensive detail, including definitions of ratings, performance criteria, and explanations of status, is available on www.ed.sc.gov and www.eoc.sc.gov as well as school and school district websites.
