Report of Principal and School Improvement Council

Circle Unbroken continued to be the theme for the year at St. Helena Elementary School. The school with community members, the SIC, and district instructional services worked on an action plan through the year with a focus on math. Class sizes were capped at twenty students, extended learning was offered for all third, fourth, and fifth graders in the fall and spring, and computer labs were open on Saturdays from February to May. The school days returned to the 180 day school year for students so the extended learning time and after school programs, in partnership with United Way, were an added asset to provide extra learning time with certified teachers. Family nights each month were focused on reading, writing, Common Core Standards, test taking skills, technology, math, and community services. Attendance numbers ranged from sixty-five to over two hundred. In addition, three musical programs for grades two, three, and four along with two whole school presentations brought excitement and allowed students to share their talents in word and song. Fifth graders performed for Heritage Days at Penn Center and at the Gullah Festival. Community volunteers came from several organizations to tutor, mentor, and assist teachers. Ladies and Gentlemen Clubs were implemented to promote strong citizenship skills. Together, all strived to keep the circle unbroken.

Reading and math MAP scores continued to show individual student progress and to serve as a guide in planning instruction.. Parents committed to extending reading time at home and to practice math facts each night. Collaboration with Head Start began with the Pre-K teachers to help prepare students for school. Five reading teachers worked with children each day, planning with the reading coach and homeroom teachers. A full time math interventionist provided small, skill focused groups. Effective teaching strategies continued to be emphasized through SC TAP under the leadership of the TAP Leadership Team and progress monitoring was held weekly with teachers, coaches, and administration. The circle continues to be strengthened with home and school to seek achievement for all..

Science, Technology, Engineering, Mathematics (STEM) with the arts continued to be the unit focus for our second through fifth graders. Field studies and trips enhanced this learning. Fifth graders spent a day at The Citadel with professors and students from the math, science, and engineering departments. STEM teaches critical thinking and problem solving in cooperative group settings with hands on experiences. This helps provide our students with the skills needed to envision their dreams for the future. This year Spanish was implemented for third, fourth, and fifth graders. Together we can continue to make the difference in the lives of our children, one step at a time, keeping the Circle Unbroken.

ESEA/Federal Accountability Rating System

In July 2013, the South Carolina Department of Education was granted a waiver from several accountability requirements of the federal Elementary and Secondary Education Act (ESEA). This waiver allowed SC to replace the former pass/fail system with one that utilizes more of the statewide assessments already in place and combine these subject area results with graduation rate (in high schools) to determine if each school met the target or made progress toward the target. This analysis results in a letter grade for the school rather than the pass/fail system of previous years. For a detailed review of the matrix for each school and districts that determined the letter grade, please use the following link: <http://ed.sc.gov/data/eSEA/> or request this information from your child's district or school.

Overall Weighted Points Total	92.3
Overall Grade Conversion	A

Index Score	Grade	Description
90-100	A	Performance substantially exceeds the state's expectations.
80-89.9	B	Performance exceeds the state's expectations.
70-79.9	C	Performance meets the state's expectations.
60-69.9	D	Performance does not meet the state's expectations.
Less than 60	F	Performance is substantially below the state's expectations

Accountability Indicator for Title I Schools

St. Helena Elementary school has been designated as a:

- Title I Reward School for Performance - among the highest performing Title I schools in a given year.
- Title I Reward School for Progress – one of the schools with substantial progress in student subgroups.
- Title I Focus School – one of the schools with the highest average performance gap between subgroups.
- Title I Priority School – one of the 5% lowest performing Title I schools.
- Title I School – does not qualify as Reward, Focus or Priority School.
- Non-Title I School – therefore the designations above are not applicable.
