**Report of Principal and School Improvement Council**

Thornwell School for the Arts is proud to be a part of the Darlington County School District. A progressive district invested in the arts and committed to the programs at the schools. Thornwell is a unique school nestled in the center of town. With a population of about 400 students in grades 1 – 5, this arts integrated school exposes children to the visual and performing arts.

The Thornwell PTO, business partners, mentors, and staff contribute to the energy and commitment to academic success for all students at Thornwell. During the 2012 -2013 school year we reached another goal in which we think has a direct correlation to academics. The TSA family was able to provide the Thornwell students with a fun, safe playground. The staff and parents believe that part of child development occurs outside when students learn how to play games, take turns and get along. The playground has been a huge success and would not have been possible without a grant from the Byerly foundation and the school's PTO. This tremendous effort brought the entire school together.

Besides the "paw-some" playground many exciting activities were held throughout the year for the students and their families at Thornwell School for the Arts. Several musical performances including a winter concert and a Black History Month Program delighted all who attended. The string's students also held a winter and a spring event in which the third through fifth graders amazed the audience with their talent. The magnet students performed Disney's, Seussical, Jr. to several sold-out shows. The students also participated in a talent show. Perhaps the funniest day of the year, "Fun in the Sun" Day, marked the end of school year and testing. Without a doubt, Thornwell School for the Arts is "Setting the Stage for Excellence" for all of the students today and in years to come. We welcome you with open arms to be on this stage and to assist us in making our students dreams come true.

**ESEA/Federal Accountability Rating System**

In July 2013, the South Carolina Department of Education was granted a waiver from several accountability requirements of the federal Elementary and Secondary Education Act (ESEA). This waiver allowed SC to replace the former pass/fail system with one that utilizes more of the statewide assessments already in place and combine these subject area results with graduation rate (in high schools) to determine if each school met the target or made progress toward the target. This analysis results in a letter grade for the school rather than the pass/fail system of previous years. For a detailed review of the matrix for each school and districts that determined the letter grade, please use the following link: <http://ed.sc.gov/data/esea/> or request this information from your child's district or school.
