**Report of Principal and School Improvement Council**

Vision: Gray Court-Owings Elementary will be a school of excellence and equity in educational practices for all learners. The mission of Gray Court-Owings Elementary School is to create a community of learners who are responsible and productive citizens. We value commitment to excellence in all we do, active involvement in our school and community and positive, trusting relationships. We envision a climate that promotes learning and personal growth.

Academic growth for students is our primary goal. This growth is possible through quality instruction in an engaging learning environment. All of our teachers are highly qualified and fully committed to providing safe, respectful and literacy rich learning opportunities. We continue to work in professional learning communities for planning and professional development.

Our Title I Project provided funding to support two part-time instructional coaches, a full time lab assistant, one teacher for class size reduction, Adair Outdoor Science Center transportation, parenting supplies and materials and instructional supplies.

We strive to be a learning community, and we make every attempt to allow research and best practice to inform and differentiate instruction. This task is accomplished most successfully when professionals see the value of their own continuous learning and growth. Teachers participate in district and school based professional development, work toward advanced degrees, one is seeking administrative certification, and both administrators hold the Doctor of Philosophy degrees.

We are very proud of our business partnership with Vulcan Materials, our faith-based partnership with Friendship Baptist Church, and our students and staff contribute to causes in our community and beyond. We contribute to United Way and Relay for Life. We are committed to reducing our ecological footprint and collaborating with the county and other groups in recycling and other green efforts.

We expect to continue to move toward our goal of academic success for every child. Please visit us on our campus or on our website at [www.laurens55.k12.sc.us/gces](http://www.laurens55.k12.sc.us/gces).

ESEA/Federal Accountability Rating System

In July 2013, the South Carolina Department of Education was granted a waiver from several accountability requirements of the federal Elementary and Secondary Education Act (ESEA). This waiver allowed SC to replace the former pass/fail system with one that utilizes more of the statewide assessments already in place and combine these subject area results with graduation rate (in high schools) to determine if each school met the target or made progress toward the target. This analysis results in a letter grade for the school rather than the pass/fail system of previous years. For a detailed review of the matrix for each school and districts that determined the letter grade, please use the following link: <http://ed.sc.gov/data/esea/> or request this information from your child's district or school.
