Report of Principal and School Improvement Council

Brockman Elementary is a Montessori School of Choice that receives students from three attendance areas of Richland County School District One – Brennen, Bradley, and Satchel Ford. A lottery process is used to select students. The basic tenet of Montessori education is that a child learns best in an enriched, supportive environment through exploration, discovery and creativity with the guidance and encouragement of a trained and caring teacher.

The goal of Brockman is to help all children reach their fullest potential in all areas of life. The qualities of independence, self-motivation, creativity, leadership and cooperation are foundational to our program. The curriculum and the environment empower children, ignite their creativity, and build a strong sense of self, allowing them to enjoy the process of learning and excitement of accomplishment. The development of social skills, emotional growth, and physical coordination as well as cognitive preparation is promoted across the curriculum.

Brockman continues a tradition of academic excellence receiving Palmetto Gold recognition and meeting the criteria for Adequate Yearly Progress. All staff members are highly qualified and all classroom teachers are Montessori endorsed. Students continue to excel academically, exceeding student achievement goals in writing, ELA, math, science, and social studies. Literacy continues to be a focus at Brockman. Reading and writing is integrated across the curriculum.

Brockman’s related arts classes, wellness initiatives, and service projects embrace and support the education of the whole child. After-school arts programs provide opportunities for students to enhance their skills in the fine arts. An after school running club promotes wellness and healthy lifestyles. Over three-fourths of Brockman’s students participate in after-school activities. Students receive additional support in our BEARS Aftercare. A variety of activities are provided that include tutoring, science, technology, art, recycling, and cooking. Students in the aftercare also participate in other clubs, as well.

This year, Brockman’s SIC collaborated with the district to evaluate facilities and security at Brockman. The SIC and PTO also began making plans to implement playground improvements. Brockman’s focus on promoting healthy lifestyles for its students received recognition by the Alliance for a Healthier Generation, as Brockman was chosen as a 2013 Bronze National Recognition Award winner. Brockman students enjoyed numerous on-campus theater programs and career presentations by various individuals to showcase their occupations to students. They also took numerous field trips , including trips to see “The Nutcracker,” “The Lion King,” and the South Carolina State Museum. Brockman continues to be committed to excellence, leaving NO CHILD BEHIND!

ESEA/Federal Accountability Rating System

In July 2013, the South Carolina Department of Education was granted a waiver from several accountability requirements of the federal Elementary and Secondary Education Act (ESEA). This waiver allowed SC to replace the former pass/fail system with one that utilizes more of the statewide assessments already in place and combine these subject area results with graduation rate (in high schools) to determine if each school met the target or made progress toward the target. This analysis results in a letter grade for the school rather than the pass/fail system of previous years. For a detailed review of the matrix for each school and districts that determined the letter grade, please use the following link: <http://ed.sc.gov/data/esea/> or request this information from your child's district or school.
