Report of Principal and School Improvement Council

Cape Romain Environmental Education Charter School (CREECS)'s mission is to create a small and diverse collaborative learning community that immerses students in critical thinking, environmental stewardship, and engaged citizenship through meaningful and innovative learning experiences. CREECS engages family and community in the commitment to nurture the whole child in preparation for a global society by emphasizing ecological conservation and sustainability.

Students learn a "love of place" through hands-on participation in an inquiry-based environmental education curriculum grounded in the study of natural resources in the area. This innovative, interdisciplinary, environmentally-based curriculum is purposefully woven together utilizing the constructivism learning approach—where students are actively engaged in thinking, learning, questioning and understanding—to study the various habitats and environmental considerations of the natural resources in their locality.

Educational experiences that require analysis, synthesis, and reflection combined with service learning opportunities facilitate student development of higher-order thinking skills and environmental stewardship. Learning at CREECS focuses on educating the whole child, involving families and community members in education, teaching state standards and twenty-first century skills, and providing learning opportunities that foster engaged citizenship and environmental stewardship.

CREECS's teachers are involved in on-going professional development and training that includes but is not limited to the following: Environmental Education (INDIGO) Training, Project Learning Tree, Project Growing Up Wild, Singapore Math, Environmental Education Curriculum Development, Common Core State Standards Training, Lee Cantor - "Assertive Discipline" Book Study and Training, Interactive Achievement, My Big Campus, and SmartBoard training.

The year ends with The CREECS Environmental Education Summit which gave every student in grades one through grade five the opportunity to communicate what they learned during their year-end culminating project. The culminating projects were designed to demonstrate rigorous student work as well as a service learning component. Parents, grandparents, and community members were all invited to attend. The first grade presented their project on the St. Francis Animal Shelter in Georgetown, SC. The second grade presented their project working with the St. James Santee Health Center Community Garden. The third grade presented their nature trail with native species plantings. The third grade project was funded by a Project Learning Tree grant. The fourth grade presented their study of local and global water pollution. The fifth grade presented their study of protecting local bird sanctuaries.

ESEA/Federal Accountability Rating System

In July 2013, the South Carolina Department of Education was granted a waiver from several accountability requirements of the federal Elementary and Secondary Education Act (ESEA). This waiver allowed SC to replace the former pass/fail system with one that utilizes more of the statewide assessments already in place and combine these subject area results with graduation rate (in high schools) to determine if each school met the target or made progress toward the target. This analysis results in a letter grade for the school rather than the pass/fail system of previous years. For a detailed review of the matrix for each school and districts that determined the letter grade, please use the following link: <http://ed.sc.gov/data/esea/> or request this information from your child's district or school.

Overall Weighted Points Total	N/A
Overall Grade Conversion	I

Index Score	Grade	Description
90-100	A	Performance substantially exceeds the state's expectations.
80-89.9	B	Performance exceeds the state's expectations.
70-79.9	C	Performance meets the state's expectations.
60-69.9	D	Performance does not meet the state's expectations.
Less than 60	F	Performance is substantially below the state's expectations

Accountability Indicator for Title I Schools

Cape Romain Environmental Education Charter School (CREECS) school has been designated as a:

- Title I Reward School for Performance - among the highest performing Title I schools in a given year.
- Title I Reward School for Progress – one of the schools with substantial progress in student subgroups.
- Title I Focus School – one of the schools with the highest average performance gap between subgroups.
- Title I Priority School – one of the 5% lowest performing Title I schools.
- Title I School – does not qualify as Reward, Focus or Priority School.
- Non-Title I School – therefore the designations above are not applicable.
