* Length of contract = 185+ days.

** Prior year audited financial data available.

REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

Sullivan's Island Elementary School is a partial magnet program for math, science, and the coastal environment. Hands-on projects, collaboration, and problem solving are key components of our dynamic educational program.

In January we celebrated with the community at the long-awaited official ground-breaking ceremony for our new school building. The building foundation is complete and vertical construction will begin this summer with an opening date of August 2014.

The impending building has been a catalyst for innovation in curriculum and instructional practice. Coupled with the national movement toward the Common Core Curriculum, this is an exciting and innovative time at SIES. We are working together to fine-tune our building design and instructional programming to better prepare students for today's changing world.

As the faculty engages in innovative professional development focused on math and science instruction, a significant increase in student achievement in these areas is anticipated. The concepts of "sustainability" and "healthy choices" will continue to play a key role in school-wide initiatives which engage students in math and science, ultimately increasing academic achievement.

As community members we invite each of you to share your individual interests, passions, and areas of expertise to help us as we endeavor to provide a world class education for our students. Thank you for your ongoing support of Sullivan's Island Elementary School.

Susan R. King, Principal

Jim Henshaw,

SIC Chairperson

EVALUATION RESULTS

	Teachers	Students*	Parents*
Number of surveys returned	N/A	52	45
