Report of Principal and School Improvement Council

This was a very special year for Loris High School. Our school was the recipient of awards which demonstrated that Loris High School is devoted to ensuring that all our students receive the very best education possible. During the 2012-2013 school year, Loris High School was recognized in the following ways:

LHS was re-designated as a Met Life Breakthrough High School. The purpose of the award is to honor schools who serve large numbers of students who are living in poverty and who are achieving high student achievement or who are dramatically improving student achievement. This award was presented to the school during the NASSP conference in Washington, DC in April. We had the opportunity to meet with representatives from the U.S. Department of Education as well as visiting the offices of our two senators, Mr. Lindsey Graham and Mr. Tim Scott.

Loris High School was recognized by U.S. News and World Report as a bronze award winner in its edition which recognized the best high schools in America.

Loris High School was recognized as a Palmetto Gold Award winner by the state of South Carolina.

Our graduation rate last year was 83.6%. This marked an improvement of 7.7% over the previous year.

Loris High School also received an Absolute Rating of Excellent on the school report card.

The Medical Magnet Program is a partnership among Horry County Schools, McLeod Health, and Horry Georgetown Technical College.

We could not be more pleased for our students, our faculty/staff and our community. These awards demonstrate the commitment our school has to our students as well as our expectation that each and every student can and will be successful. Our staff spent an enormous amount of time this year in our Professional Learning Communities preparing ourselves for the new Common Core Initiative as well as learning new and innovative instructional strategies. Our preliminary data demonstrates that these efforts have paid huge dividends. Our HSAP and EOCT scores appear to be very high for the 2012-2013 school year. Further, we have spent an enormous amount of time reviewing our course offerings for the 2013 school year and have added AP Chemistry as well as restructuring our Learning Strategies Classes. During the fall of the upcoming school year we will have also fully implemented our Overcoming Obstacles Curriculum for all freshmen. Loris High School has also committed to implementing a more focused Character Education Program for the 2013-2014 school year. Our school will continue to offer programs such as Extended Options and EOC Reviews, which are after school tutoring programs to meet the needs of all our students. Transportation as well as snacks are provided for these opportunities. We believe that these initiatives will be highly beneficial to all our students and to a positive school climate.

Finally, Loris High School is proud to announce the addition of our new Medical Magnet Program.

ESEA/Federal Accountability Rating System

In July 2013, the South Carolina Department of Education was granted a waiver from several accountability requirements of the federal Elementary and Secondary Education Act (ESEA). This waiver allowed SC to replace the former pass/fail system with one that utilizes more of the statewide assessments already in place and combine these subject area results with graduation rate (in high schools) to determine if each school met the target or made progress toward the target. This analysis results in a letter grade for the school rather than the pass/fail system of previous years. For a detailed review of the matrix for each school and districts that determined the letter grade, please use the following link: <http://ed.sc.gov/data/esea/> or request this information from your child's district or school.

Overall Weighted Points Total	92.7
