REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

In an ever changing world that grows smaller and more competitive through technology and diversity, Wilson High School seeks to prepare each student to learn, grow, and thrive in the 21st Century. In order to accomplish this, the administration, faculty, staff, and community work together to provide opportunities for student growth. Wilson High School guides students to become productive and contributing members of society. In a safe and caring environment, Wilson provides a strong academic and co-curricular program. The faculty and staff coordinate the resources of the school and community in such way that students respect themselves and others, appreciate the value of diversity and individual creativity, recognize the problems and opportunities of change, seek a set of moral standards that allows them to thrive in the world they inherit, and experience the joy of learning as a lifelong process. At Wilson we seek to create a challenging learning environment that encourages high expectations for success through development-appropriate instruction that allows for individual differences and learning styles. Our school promotes a safe, orderly, caring, and supportive environment. Each student's self-esteem is fostered by positive relationships with students and staff. We strive to have our parents, teachers, and community members actively involved with our students' learning. This past year Wilson High School has enjoyed many successes in the area of academics, athletics and alumni support. These are a few examples of that success: The Math and Academic teams both won regional championships. 94 students qualified for Life Scholarship, as well as 15 Palmetto Fellows. A WHS Senior was a Gates Millennium Scholar winner. 8 student athletes received athletic scholarships to attend college. IB students collected funds for H2O for Life to provide clean water for villages in Africa.

As we continue promoting academic excellence through an integrated curriculum, students will continue to be given opportunities to acquire knowledge and skills that will develop their potential as active lifelong learners.
