EVALUATION RESULTS

	Teachers	Students*	Parents*
Number of surveys returned	45	119	43
Percent satisfied with learning environment	100%	80.7%	97.6%
Percent satisfied with social and physical environment	100%	90.7%	100%
Percent satisfied with school-home relations	88.9%	94.9%	90.5%

*Only eleventh grade students and their parents were included. For schools without grade eleven, only the highest grade was included.

Comprehensive detail, including definitions of ratings, performance criteria, and explanations of status, is available on www.ed.sc.gov and www.eoc.sc.gov as well as school and school district websites.

Printed versions are available from school districts upon request.

REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

We have had another successful and exciting year at Chesnee High School. Our teachers, students, parents, and community have all worked together to make this year a resounding success.

Emphasis on reading and literacy in all areas has already increased our success rate across the curriculum. Our faculty participated in one book study and many hours of staff development in an effort to continue to improve their instructional practices. Having a literacy coach to work with teachers and students has made a major difference in addressing different teaching strategies.

The Guidance Department and our Career Development Specialist will continue the career cluster meetings again this year. Many of our students are actively pursuing information and careers as a result of these meetings. We will also expand this program to include more career representatives.

Our Guidance Department is also assisting students in test-taking strategies for success on ACT, SAT, and PSAT. We offer after school sessions to aid in completing scholarship applications, a college application day for all seniors, as well as a financial aid workshop for students and parents.

We are moving forward with our implementation of the High Schools that Work program to maximize student achievement and success on an academic, economic, and social level. As the economy continues to change, we must also change some of our approaches in preparing our students for the workforce and their future. We will continue to offer a course in Financial Basics and Management giving students the opportunity to learn sound financial management strategies. We are also implementing our common core curriculum and standards. Once again, our Beta Club has won state recognition on a state and national level. We are proud to say that our State Beta Club vice president is a Chesnee High School student.

We are starting construction on a new gym, weight room, wrestling room, training facility, and 12 classrooms. We are also starting a stem program in math and science. Our challenges and goals remain the same; to make sure each student achieves success at Chesnee High School and to make sure each student is prepared to become a contributing part of society.

We will continue efforts to lower our dropout rate and we as well as to increase our graduation rate. We want all our students to complete their course work and to graduate on time. We need students, along with their parents and guardians to realize the importance of being in school every day and of working toward the goal of receiving a high school diploma.

Our EOC (end of course) scores were exceptionally good again this year. This means we are on the right track with our programs. We are continuing to raise our educational standards and our performance by emphasizing the necessity of a solid high school education. Thomas E. Ezell, Principal
Melissa Andrews, SIC Chairperson
