REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

Palmetto Scholars Academy provides a differentiated program designed to meet the educational needs of intellectually gifted learners, address their distinctive social and emotional needs, promote individual character development and instill a life-long love of learning. Our students engage with leading innovative organizations in higher education, business and science, to empower them to make original and impactful contributions toward the elevation of South Carolina in the areas of education, commerce, arts and science.

Our students come together from all areas of the LowCountry, including Berkeley, Charleston, Colleton, and Dorchester Counties, and represent a diverse population in terms of ethnicity, religion, and socioeconomic status. In order to meet the school's mission, all students are in honors or advanced courses, and flexible scheduling allows faculty to meet the individual needs of each gifted learner. Visitors to the school would likely see cooperative groupings, discussion, debate, seminars, and inquiry-based learning as they walk the hallways. Most faculty have advanced degrees and all are dedicated to providing research-based, student-centered instruction for gifted learners. The development of our curriculum is facilitated by nationally recognized leaders in the field of gifted education who ensure that the latest research on best practices in gifted education is incorporated at all grade levels.

During the third year of operation, students at Palmetto Scholars Academy made tremendous positive gains, continuing to excel in statewide assessments, being selected as the first school in South Carolina to send a student research experiment to the International Space Station, being selected as a NASA Partner School through the College of Charleston's NASA Consortium, and having several teachers selected for participation in highly sought after teacher education programs including a social studies teacher who was selected for participation in the Library of Congress's teacher education program in Washington, DC. Community service requirements have expanded during the 2012-13 school year, and PSA continues to work supporting local charitable events on a regular basis.

The school community, which consists of faculty, staff, students, and supportive parents, is proud of the great accomplishments and successes that Palmetto Scholars Academy has been able to achieve in only three years of operation. An active parent organization, partnered with a long-range strategic plan, ensures a successful vision for our school's future as South Carolina's first public charter for gifted education. We are driven by our mission and strive to maintain the highest of standards in order to meet the unique needs of gifted learners.
