## Report of Principal and School Improvement Council

Camden Middle continued to "Soar to Excellence" during the 2012-2013 academic year. With the hard work and dedication of teachers, students, and administration, Camden Middle has been working toward changing the school climate from reactive to proactive with the implementation of PBIS (Positive Behaviors Interventions and Supports). We were proud to report a 45 percent decrease in suspensions during the first semester alone. Additionally, 579 students were recognized for PBIS celebrations during that same time frame. Positive behavior results in positive outcomes.

Camden Middle students have had several accomplishments to be proud of this year. One student won the Superintendent's Writing Award. The Science Department had 11 Regional Science Fair winners this year with a total of 17 awards. Three students won first, second, and third place in the Regional Poster Contest. Students were able to enjoy a Summer Reading Celebration for 208,173 pages read over the summer and also a Junior Book Award Celebration was sponsored by the library. Camden Middle also had 51 students contributing artwork on the local and state levels.

The Fellowship of Christian Athletes (FCA) continues to grow with students participating in trips to Myrtle Beach and Lugoff-Elgin High and school rallies throughout the school year. The War Eagles wrestling team had two students who had championship performances at the Carolina Institutional this year. Camden Middle cheerleaders' Teens for Jeans campaign brought in over 1300 pairs of jeans within a month.

A very special thank you to all of our students, parents, teachers, counselors, administrators, and support staff who work together to make Camden Middle School a wonderful place for adolescents to learn and grown in a positive and nurturing environment.

Roddy Partin, School Improvement Council Chairperson

## ESEA/Federal Accountability Rating System

In July 2013, the South Carolina Department of Education was granted a waiver from several accountability requirements of the federal Elementary and Secondary Education Act (ESEA). This waiver allowed SC to replace the former pass/fail system with one that utilizes more of the statewide assessments already in place and combine these subject area results with graduation rate (in high schools) to determine if each school met the target or made progress toward the target. This analysis results in a letter grade for the school rather than the pass/fail system of previous years. For a detailed review of the matrix for each school and districts that determined the letter grade, please use the following link: <http://ed.sc.gov/data/esea/> or request this information from your child's district or school.
