REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

Hillcrest Middle School experienced another outstanding year in 2012-2013. Despite current economic constraints, Hillcrest Middle School continues to increase the academic performance of our students. The student population grew with essentially no increase in our teaching staff, but our staff, student body, and parents all met the challenge to increase student achievement. Our most significant accomplishment was earning, for the third year in a row, recognition by the South Carolina Department of Education - this time with a Gold Medal for academic performance. We are the only middle school of the eighteen in the district to have received this level of honor from the state for the last three school years. We have initiated programs to emphasize the Common Core Standards with workshops and demonstrations presented to the staff and community by the Principal and the Instructional Coach. We continue to receive excellent community and parental support in this endeavor from our PTA, which was rated first in the state for the 2012-2013 school year. We continue to excel in student performance in the MAP and PASS test rankings placing among the top few schools in the entire district in the percentage of students meeting target growth. Consistently high academic performance has always been a hallmark of Hillcrest Middle School, and we continued that trend this school year. Hillcrest Middle School continues to stress academic achievement, increased use of technology, rigorous instruction, and teaching to the state standards in a traditional academic environment stressing student growth. Our community, SIC, and PTA have continued their support for our goals of increasing student achievement, and all stakeholders continue to remain an integral part of our continued academic growth.
