REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

The 2012-2013 school year was a successful year for Ninety Six Primary School. The school received an excellent on the state report card. The school, also, continued as an authorized International Baccalaureate Primary Programme. As part of our commitment to consistent improvement, teachers continued to write, revise, and improve their IB units utilizing an inquiry-based approach to learning and authentic assessment to better assess the depth of student understanding of the content. Common Core standards were implemented in all grades. Professional development continues to be a focus of the school as the district fully implements the standards and incorporates those standards into the IB units of study. The coming school year will bring changes to the Primary School as it becomes a Title I school. The school will house a second computer lab to address student academic needs and the school will initiate the PBIS program that is already being implemented at the elementary and middle schools in the district.
