## Report of Director and School Improvement Council

This school year has been full of changes, successes, challenges, and opportunities. Within the calendar year, approximately 25% of the LTC faculty retired or will move positions in the district after successful careers at LTC. With former director Ken Lake's retirement after 28 years, new director, Bryan Hearn, began as the third director since 1974. LTC also welcomed River Bluff High School to the family of schools served with their opening in August. LTC now serves five high schools: Lexington, Gilbert, Pelion, White Knoll, and River Bluff High Schools.

LTC was a state Palmetto Gold Award Recipient for general performance by students. The Personal Finance classes were recognized on the NYSE as a Top 100 Best Wise High School for Personal Finance, receiving Financial Literacy Certification. Students in FFA, DECA, HOSA, SkillsUSA, and FBLA won various awards at district, state, and national levels. All students in Cosmetology passed their state board exams, and Computer Science II students obtained national IC3 Certifications.

Our faculty continues to strive to incorporate language arts and math throughout the career and technology curriculum. Our goal is to support students in obtaining technical skills while increasing reading, literacy, and math skills that aid in college and career readiness.

Our district and center met all federal standards except the non-traditional retention standard. This standard has always been a challenge to meet. Next year, we will adjust our plan to ensure completion of our programs by non-traditional students.

Another challenge for LTC is the rapid growth of Lexington County, creating the need for an additional high school. Serving five high schools presents logistical issues concerning travel times and scheduling to best meet the needs of all students from each high school. LTC will continue to strive and operate so that we offer opportunities to all Lexington School District One high school students.

Future plans include the expansion and modification of various programs and certifications. One modification is to our Center for Advanced STEM Studies. It now includes four foundation courses, two specialization courses, and eight electives. In business education, we worked to organize and streamline courses so that more students will complete business majors. LTC's enrollment in computer science has reached an all-time high. To ensure continued growth, we developed a 3-year plan to increase and enhance the computer science learning opportunities to include foundational computer science skills for K-8 students. Students have the opportunity for industry certification upon completing these courses.

Director Bryan Hearn and SIC Chair Wattie Wharton

**ESEA/Federal Accountability Rating System**

In July 2013, the South Carolina Department of Education was granted a waiver from several accountability requirements of the Federal High and Secondary Education Act (ESEA). This waiver allowed SC to replace the former pass/fail system with one that utilizes more of the statewide assessments already in place and combine these subject area results with graduation rate (in high schools) to determine if each school met the target or made progress toward the target. This analysis results in a letter grade for the school rather than the pass/fail system of previous years. For a detailed review of the matrix for each school and districts that determined the letter grade, please use the following link: <http://ed.sc.gov/data/esea/> or request this information from your child's district or school.

<b>Overall Weighted Points Total</b>	<b>N/A</b>
<b>Overall Grade Conversion</b>	<b>N/A</b>

Index Score	Grade	Description
90-100	A	Performance substantially exceeds the state's expectations.
80-89.9	B	Performance exceeds the state's expectations.
70-79.9	C	Performance meets the state's expectations.
60-69.9	D	Performance does not meet the state's expectations.
Less than 60	F	Performance is substantially below the states' expectations.

**Accountability Indicator (Title I Schools)**

Lexington Technology Center has been designated as a:

	Title I Reward for Performance - among the highest performing Title I schools in a given year.
	Title I Reward for Progress - one of the schools with substantial progress in school subgroups.
	Title I Focus School - one of the schools with the highest average performance gap between subgroups.
	Title I Priority School - one of the lowest 5% lowest performing Title I schools.
	Title I School - does not qualify as Reward, Focus or Priority School.
X	Non-Title I School - therefore the designations above are not applicable.
