**Report of Principal and School Improvement Council**

From the moment you walk through the front door and pass down the vibrant child-friendly hallways you know that you are in a very special school. East North Street Academy of Math and Science enriches students in Math, Science, Technology, and Environmental Studies all in the context of rich and state-of-the-art laboratories. We have two working science labs and an outdoor classroom which provide hands-on experience with animals, experiments, and organic gardening...just to name a few. Although we emphasize math and sciences, we round-out our students education with Reading and Math Coaches in labs of their own.

ENSA is committed to creating a safe and cultivating environment while maintaining academic excellence through Project-Based learning. While pioneering in Math, Science, Language Arts and Social Studies, we enrich students learning through the use of Technology, Music, Art, and Physical Education. This rigorous curriculum of Project-Based learning will provide unlimited opportunities for the wide range of children we serve.

Our mission is to exceed State and Federal expectations through SC State Standards assessments, Common Core, research-based curriculum, instructional materials and highly qualified and competent teachers. Our community support is provided through our SIC and PTA boards by working closely with our parents, local business- partners, and our neighborhood community. With these amenities, students of ENSA are given an environment where they can truly thrive and succeed. Our tagline says it all: "ENSA –Where Inquiry and Achievement all ADD up!

**ESEA/Federal Accountability Rating System**

In July 2013, the South Carolina Department of Education was granted a waiver from several accountability requirements of the Federal Elementary and Secondary Education Act (ESEA). This waiver allowed SC to replace the former pass/fail system with one that utilizes more of the statewide assessments already in place and combine these subject area results with graduation rate (in high schools) to determine if each school met the target or made progress toward the target. This analysis results in a letter grade for the school rather than the pass/fail system of previous years. For a detailed review of the matrix for each school and districts that determined the letter grade, please use the following link: <http://ed.sc.gov/data/esea/> or request this information from your child's district or school.

<b>Overall Weighted Points Total</b>	<b>94.3</b>
<b>Overall Grade Conversion</b>	<b>A</b>

80-89.9	B	Performance exceeds the state's expectations.
70-79.9	C	Performance meets the state's expectations.
60-69.9	D	Performance does not meet the state's expectations.
Less than 60	F	Performance is substantially below the states' expectations.

**Accountability Indicator (Title I Schools)**
