Comprehensive detail, including definitions of ratings, performance criteria, and explanations of status, is available on www.ed.sc.gov and www.eoc.sc.gov as well as school and school district websites.

Printed versions are available from school districts upon request.

REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

Pritchardville Elementary School serves a diverse population of over 870 students in grade Pre-K thru 5th grades. We were awarded the Palmetto Gold Award for student achievement for the 2013-2014 school year. We are a school-of-choice that provides curriculum from the Advanced Mathematics Engineering and Science (AMES) Program in grades 3 thru 5. The project based AMES curriculum incorporates the engineering cycle within standards performance based lessons. Student work/projects were featured as part of our AMES quarterly showcases.

Pritchardville Elementary School offers a menu of value added enrichment programs throughout the school year for our students. A few examples include: ESOL Books and Breakfast Program, Chorus, 2013 School wide Art Show, Sammy Reading Challenge, WPVES News Show, Running Club, Chess Club, and School Patrols. Approximately 100 students participated in the Read To the Principal program this school year which gave them an opportunity to share their reading and receive a book of their choice.

Pritchardville Elementary School earned an absolute rating of Excellent and a Growth Rating of Good for 2013-2014 school year. We received a Grade A rating via the ESEA/Federal Accountability Rating System

Pritchardville Elementary School has been recognized by the State of South Carolina for our Positive Behavior Interventions and Support (PBIS) program. PVES students are expected to display REACH (Respect, Effort, positive Attitude, Cooperate with others, and show Honesty to everyone) behaviors in a daily environment at school.

Our staff continues to participate in professional development with areas of focus in differentiation of instruction, running records, guided math framework, and technology integration. As school we have implemented Lucy Calkins writing program, BCSD initiative, at all grade levels.

As part of our efforts to prepare students for college and careers our fifth graders (the class of 2021) participated in a career fair. Community members and parents were called upon to speak about their career in association with the standards that the students were learning in their classrooms.

As a school, we are looking forward to expanding our engineering focus to all grade levels. We are integrating the "A" for 'art' to make our STEM initiative - STEAM - Science Technology, Engineering, Art, and Math!

We are proud of the World Class Education all students receive at Pritchardville Elementary School!
