Comprehensive detail, including definitions of ratings, performance criteria, and explanations of status, is available on www.ed.sc.gov and www.eoc.sc.gov as well as school and school district websites.

Printed versions are available from school districts upon request.

REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

At Harold C. Johnson Elementary School we strive every day to spark potential and inspire success in each student. We worked this year to accomplish this by continuing to focus on the following district goals: (1) using data to make informed instructional decisions, (2) incorporating literacy across the curriculum, (3) providing extra time/extra assistance, (4) using technology to engage students and enhance instruction, and (5) evaluating school emergency and safety procedures.

Opportunities for student growth through extra time and extra help begin as soon as our doors open each morning at 7:00am with interactive read alouds in our auditorium for our pre-k through first grade students, independent reading for our second through fourth grade students in our gymnasium, and computer-assisted instruction in the areas of reading and math. Students also received academic assistance during our two after school programs which focused on literacy and language, mathematics, and character education.

Our parents and community members play an integral role in helping us provide a diverse, innovative education for our students. This year we received several grants from local businesses which include Lowe's, Target, Family Trust, and Big Lots. The funds were used to provide instructional resources to help our students grow in the areas of literacy, mathematics, social studies, science, and the arts. Our students experienced hands-on learning as they helped construct an outdoor classroom. The children developed a deeper appreciation and love for the arts as they listened to musician Billy Jonas in our school auditorium. All of our students participated in a school-wide career fair in our gym where over sixteen of our local business leaders came to share their professions. This year we partnered with local law enforcement to implement a new morning safety patrol program. This program helped our fourth graders develop leadership skills and assisted us in creating a safer learning environment for our children. We are sincerely grateful for the outstanding support provided by our PTO, School Improvement Council, and community partners. It truly does take a village to raise a child.

As you review the data from this report card, please let it be a reminder that we still have much to do in order to prepare our students for their bright futures. The 2014-2015 school year will bring new challenges including the continued implementation of the Common Core State Standards. These rigorous standards were developed to prepare our students for college. With the expectations being raised for our children, the support of our stakeholders will be needed even more. Let's embrace the challenges ahead together as a school family and keep our children seeing, believing, and achieving.

Mark Hendry, Principal

Sara Burke, School Improvement Council
