REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

Bridges Preparatory School opened its doors to 360 students in grades K-6 from across the Beaufort and Jasper County area in August of 2013. The student body reflects the diversity of the area in a variety of demographic measures and educational backgrounds. Located in the heart of downtown Beaufort, the BPS mission is to provide students equal access to a high quality K-12 whole child education that maximizes academic excellence and strength of character in a student-centered learning environment created by a faculty of lifelong learners.

Bridges Prep is just the second school in South Carolina to implement the Paideia method of instruction. Paideia is a holistic, whole-child approach to life-long learning with roots in ancient Greece. It is characterized by a set of beliefs about education including active and rigorous teaching methods and that the human species is defined by its capacity and desire for learning. Through a partnership with the National Paideia Center, the Bridges staff is currently undergoing a multi-year training program in the Paideia method. In addition, the Bridges Prep curriculum is infused with Science, Technology, Engineering and Math (STEM) instruction through inquiry, research, hands on activities and project based assessments. Character education is addressed through seminar and discussion of our nine core value words and put into practice through the actions and words of the students daily. This whole child approach will enable Bridges students to be compassionate, critical, in depth thinkers that will be equipped to compete in the modern, global economy.

The Bridges family continues to grow with the addition of 7th grade for the 2014-2015 school year, an enrollment of 440 students and several new staff members. Our academic program continues to evolve to meet the needs of all children. Each grade level will have at least one Gifted and Talented endorsed teacher. Dedicated Intervention Specialists and a Reading Coach will provide daily targeted intervention and small group instruction in all areas for students based on individual student abilities and needs. Middle school students will begin earning Carnegie Units towards graduation through the Accelerated Academics Program.

Bridges Preparatory School enjoys a robust and caring parent population. Our parents volunteer countless hours to our school and our community. The PTO and Board of Directors held our very first Bridges Block Party fundraiser in which dozens of parents and staff provided labor, goods and expertise. The event proved to be an excellent showcase of our school as well as raising thousands of dollars for the school's technology needs. Participation in Beaufort County's Kids' Day and helping to provide meals for residents of downtown are two of many ways in which the school incorporates itself with the community at large.
