Report of Principal and School

The purpose of North Augusta High School is to graduate students with the competence to contribute substantially to the world in which we live and to become effective lifelong learners and responsible citizens. To this end, North Augusta High School promotes the development of the skills, knowledge and personal qualities that characterize a well-educated person. Stakeholders have worked together to provide students with rigorous academic and diverse co-curricular programming, preparing students to move forward to post-secondary education. The 2013-2014 school year reflected this purpose through the continuation of academic excellence and student support systems.

North Augusta High School received an “Excellent” overall rating and a “Good” growth rating on the South Carolina School Report Card as well as the prestigious Palmetto Gold award. These scores and achievements were due to the continued efforts of the North Augusta High School staff and students as well as the support of the community. Classroom interventions and program interventions such as the freshman academy continue to be an area of focus and have proved to be extremely successful in student achievement. The School Improvement Committee was influential in setting the course for the 2013-2014 school year by supporting the second year of implementation of the freshman academy and working to raise awareness of facility needs. They also served as an integral part in the publication of the new five year improvement plan which outlines areas of focus to be the improvement of school-to-home communication, teacher retention, and at-risk programming for end-of-course preparation.

One of the most exciting changes at North Augusta High School was the ground breaking on the new state of the art business and technology building which will serve the class of 2017. This construction is the first leg of a plan which will eventually replace the current facility. Under the banner of our shared mantra “Together as One,” we desire to continue our efforts to create a true community school which serves the needs of all of our stakeholders.

Freddie Grimm, School Improvement Council Chair

ESEA/Federal Accountability Rating System

In July 2013, the South Carolina Department of Education was granted a waiver from several accountability requirements of the Federal High and Secondary Education Act (ESEA). This waiver allowed SC to replace the former pass/fail system with one that utilizes more of the statewide assessments already in place and combine these subject area results with graduation rate (in high schools) to determine if each school met the target or made progress toward the target. This analysis results in a letter grade for the school rather than the pass/fail system of previous years. For a detailed review of the matrix for each school and districts that determined the letter grade, please use the following link: <http://ed.sc.gov/data/esea/> or request this information from your child's district or school.

Overall Weighted Points Total	81.3
Overall Grade Conversion	B

Index Score	Grade	Description
90-100	A	Performance substantially exceeds the state's expectations.
80-89.9	B	Performance exceeds the state's expectations.
70-79.9	C	Performance meets the state's expectations.
60-69.9	D	Performance does not meet the state's expectations.
Less than 60	F	Performance is substantially below the states' expectations.

	Title I Priority School - one of the 5% lowest performing Title I schools.
	Title I School - does not qualify as Reward, Focus or Priority School.
