**Report of Principal and School**

The mission of The Youth Academy Charter School, a non-profit public Charter School of Williamsburg County School District, is:

To provide a quality educational experience in a structured, supportive environment through the implementation and evaluation of specific students and program performance measures in the areas of academic preparedness, life skill competencies, vocational readiness, and behavior management skills for students with special needs, students seeking an alternate learning style and/or smaller environment. Students are accepted from the surrounding communities within Williamsburg County School District.

In accordance with Federal law & U.S. Department of Agriculture Policy, this instruction is prohibited from discriminating on the basis of race, color, national origin, sex, age, or disability.

The school environment and philosophy places a unique holistic emphasis on working with the entire family to improve the overall living environment of each student.

The Youth Academy Charter School is chartered for grades K – 12; but currently serves 2nd through 12th grade. We currently serve five (5) primary students, twelve (12) elementary students and twenty two (22) high school students for a total enrollment of thirty nine (39) students. The 2011-2012 school term; YACS had four (4) graduates and five (5) early graduates equaling a total of 9 graduates; of the 22 high school students enrolled in grades 9th through 12th.

The school received an absolute rating of “0” due to the small number of students per sub group. Classroom ratios are 1:8 or 1:10, the smaller classroom settings provides the student with additional individualized instruction and teacher assistance.

Youth Academy Charter School (YACS) currently receives Title I funding based on the high percentage of students eligible for free and reduced lunch.

Youth Academy Charter School uses the following programs, in addition to state and district mandated assessments; MAP, PASS, HSAP, EOC, USA Test Prep and Study Island to give an accurate picture of the needs to connect student growth and achievement.

The APEX online curriculum and American School curriculum is offered to assists high school students with credit recovery, remedial, advanced placement, and honors courses as well as regular courses to obtain Carnegie units for graduation.

Youth Academy Charter School board has made several changes within the school to decrease management authority at the school levels; restructure the internal organization; and appoint an outside expert to advise the school to assist the school. Consultants contracted to work with YACS are one consultant from SC State level and one educational consultant.

YACS teachers regularly attend professional development conferences focused assessing individual student needs, student growth, teaching strategies, common core curriculum implementation, etc., and professional development on continuous school improvement. An interdisciplinary team and focus group of teachers has continued its study of adolescent literacy strategies, assessment preparation strategies, reading & math improvement strategies, integration of common core curriculum comprehension across the board to reach the students' educational needs of growth and academic achievement.

ESEA/Federal Accountability Rating System

In July 2013, the South Carolina Department of Education was granted a waiver from several accountability requirements of the Federal High and Secondary Education Act (ESEA). This waiver allowed SC to replace the former pass/fail system with one that utilizes more of the statewide assessments already in place and combine these subject area results with graduation rate (in high schools) to determine if each school met the target or made progress toward the target. This analysis results in a letter grade for the school rather than the pass/fail system of previous years. For a detailed review of the matrix for each school and districts that determined the letter grade, please use the following link: <http://ed.sc.gov/data/esea/> or request this information from your child's district or school.

<b>Overall Weighted Points Total</b>	<b>40.8</b>
<b>Overall Grade Conversion</b>	<b>F</b>

Index Score	Grade	Description
90-100	A	Performance substantially exceeds the state's expectations.
80-89.9	B	Performance exceeds the state's expectations.
70-79.9	C	Performance meets the state's expectations.
60-69.9	D	Performance does not meet the state's expectations.
Less than 60	F	Performance is substantially below the states' expectations.
