South Carolina State Report Card

State and federal laws require public schools to release report cards to the public each year. This year, the report card has been updated to reflect changes in reporting directed by the SC Education Oversight Committee. Schools will not be rated for state accountability purposes until Fall 2017 when the state will transition to a single accountability system. The following reports student performance in school year 2014-15.

WORLD CLASS SKILLS & LIFE AND CAREER CHARACTERISTICS

Our district is helping all students develop the world class skills and life and career characteristics of the Profile of the Graduate by ...

Last school year was a successful year for the Latta Schools. Each of our schools worked hard to improve student performance and maintain progress. Our school district is helping all students develop the world class skills and life and career characteristics of the "Profile of the Graduate" by using data analysis and individual student growth to drive decisions as the district strives to have all students college and career ready upon graduation. Latta Elementary School's Montessori program offers parents a school program choice. Because of its success, Latta Elementary will continue to expand the program. Latta Elementary strives to develop well-rounded individuals through community involvement. There is a school-wide focus on enhanced instruction in critical thinking and problem solving utilizing the district's four key components of instruction: High progress literacy, problem-solving mathematics, Thinking Maps, and Write from the Beginning and Beyond. The goal at Latta Elementary is to have every student working on grade level before entering middle school. Latta Middle School continues to provide opportunities for students to earn high school credits in Algebra 1, English 1, Computer Applications 1, and Physical Education. With continued very high pass rates on the Algebra 1 End of Course exam and on the English 1 End of Course exam, Latta Middle was very pleased with their results. The STEM Program (Science, Technology, Engineering and Math) continues to be a great success, and will continue to expand each school year. Project Based Learning will continue to grow in all subject areas as the goal at Latta Middle is to focus each student on career awareness. Latta High School maintains their tradition of excellence as well. The number of students participating in IB courses continues to grow. Latta High had its first students to receive the international Baccalaureate Diploma. Latta High was once again recognized and ranked nationally as one of U.S. News & World Report's "Best High Schools." Many students gained valuable insight and experiences through student intern and job shadowing opportunities that further help them make decisions about career interests. The focus at Latta High will continue to be on college and career readiness with an emphasis on offering more college dual credit options to all students. Dr. John M. Kirby, Jr.
